The June 9 UP Energy Task Force meeting continues Phase II of the Task Force’s charge under Executive Order No. 2019-14 to:

1. Assess the UP’s overall energy needs and how they are currently being met.
2. Formulate alternative solutions for meeting the UP’s energy needs, with a focus on security, reliability, affordability, and environmental soundness. This shall include, but is not limited to, alternative means to supply the energy sources currently used by UP residents, and alternatives to those energy sources.
3. Identify and evaluate potential changes that could occur to energy supply and distribution in the UP; the economic, environmental, and other impacts of such changes; and the alternatives for meeting the UP’s energy needs in response to such changes.
