

**US Ecology Detroit North  
Discharge Compliance Scorecard  
Jan 2021 - Jun 2021**

\*Concentration Limits as established in GLWA Wastewater Discharge Permit No.: 923-27310-IU, last revised 09-02-2019

Compliance with Daily Maximum Concentration Limits\*

Sampled By	# of Samples	# of Exceedances	% of Samples in Exceedance	% of Samples in Compliance
USE	828	0	0.0%	100.0%
GLWA	143	0	0.0%	100.0%
<b>Total</b>	<b>971</b>	<b>0</b>	<b>0.0%</b>	<b>100.0%</b>

Compliance with Monthly Average Concentration Limits\*

	# of Applicable Samples	# of Exceedances	% of Monthly Averages in Exceedance	% of Monthly Averages in Compliance
<b>Total</b>	<b>704</b>	<b>0</b>	<b>0.0%</b>	<b>100.0%</b>

List of Exceedances of Daily Maximum Concentration Limits\*

Date	Chemical	Sampled By	Concentration (mg/l)	Limit* (mg/l)	Days Until Next In-Compliance Sample	In-Compliance Sample By

List of Exceedances of Monthly Average Concentration Limits\*

Date	Chemical	Sampled By	Running Average (mg/l)	Limit* (mg/l)	Resolved within 30 days?	Next monthly concentration (mg/l)

**US Ecology North**  
**Ambient Air Compliance Scorecard**  
**Jan 2021 - Jun 2021**

As required by Attachment 11, Ambient Air Monitoring of the US Ecology Detroit North hazardous waste operating license

Ambient Air Monitoring Compliance Breakdown

Substance	All months reported?	# of Exceedances	% of Samples in Exceedance	% of Samples in Compliance
Lead	Yes	0	0.0%	100.0%
Arsenic	Yes	0	0.0%	100.0%
Chromium	Yes	0	0.0%	100.0%
<b>Total Suspended Particles</b>	Yes	2	4.5%	95.5%

Response to Exceedances

Both exceedances for TSP occurred on the same day in early April. Wind gusts exceeded 20mph, and the two monitors are along the unpaved Sherwood Ave. It is expected that with the paving of Sherwood (and conclusion of construction activities on adjacent properties) that elevated readings will not continue.
