

Data elements from Export to Microsoft Excel spreadsheet from GeoWebFace Results tab

sequence	Name	Description
17	Addr1	Address line 1 for Company
18	Addr2	Address line 2 for Company
01	API Number	API number for well
31	BH County Name	Bottom hole County Name
34	BH Lat	Latitude of bottom hole location
35	BH Long	Longitude of bottom hole location
33	BH Qtr	Bottom hole quarter section
06	BH Township Name	Bottom hole Township name
32	BH TRS	Bottom hole Town / Range / Section
19	City	City component for Company Address
15	Company Name	Company Name
23	Country	Country in which the company is organized
04	County Name	County Name for Well Head / surface location
30	Derrick Floor	Elevation of derrick floor if reported
26	Drilling Started	Date Drilling started
24	Field Name	Field name for well if assigned
12	Formation at Total Depth	Name of formation at total depth
29	Kelly Bushing	Elevation of derrick floor if reported
38	Measured From	Reference point for formation tops
14	Permit Date	Date permit was issued
02	Permit Number	OOGM Permit number
25	Producing Formation	Producing formation
16	PRU	Production Unit identifier
08	QTRQTRQTR	Quarter, quarter, quarter section of the surface location
28	Rotary Table	Elevation of derrick floor if reported
13	Slant	Is the well vertical (v), slant (s) or (h) horizontal
20	State	State component of company address
11	Total Depth	Depth at the bottom of the well
07	TRS	Town / Range / Section of the surface location
39	True Vertical	True vertical depth
27	Well Completed	Date well drilling was completed
03	Well Name and Number	Well name and number
10	Well Status	Well status - producing - shut-in - plugged
09	Well Type	Well type - oil - gas - dry hole ...
36	WH Lat	Well head (surface) latitude in decimal degrees
37	WH Long	Well head (surface) longitude in decimal degrees
05	WH Township Name	Well head (surface) Township Name
21	Zip1	Address line zip code 1 for company
22	Zip2	Address line zip code 2 for company

Items are listed in alphabetical order by element name

Sequence refers to the elements relative position starting from the right

Bottom hole (BH) information is not listed for vertical wells
