

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

REGION 5
77 WEST JACKSON BOULEVARD
CHICAGO, IL 60604-3590

JUL 19 2019

REPLY TO THE ATTENTION OF

Mary Ann Dolehanty, Director
Michigan Department of Environment, Great Lakes and Energy
Air Quality Division
Constitution Hall
525 West Allegan Street
P.O. Box 30473
Lansing, Michigan 48909-7973

Dear Ms. Dolehanty:

Re: National Emission Standards for Hazardous Air Pollutants State Delegation Approval

In response to a December 20, 2018 delegation request sent by the Michigan Department of Environmental Quality (now, the Michigan Department of Environment, Great Lakes and Energy (EGLE)) to the U.S. Environmental Protection Agency (EPA) Region 5 and pursuant to the May 1996 Memorandum of Agreement (MOA), item II. D., EPA hereby updates EGLE's April 28, 2004 delegation of authority to implement the National Emission Standards for Hazardous Air Pollutants (NESHAP) for the subparts of *Title 40 of the Code of Federal Regulations (CFR)*, Part 63, listed below.

40 CFR, Part 63 Subpart OO – Tanks – Level 1
40 CFR, Part 63 Subpart PP – Containers
40 CFR, Part 63 Subpart JJJ – IV Polymers and Resins
40 CFR, Part 63, Subpart DDDD – Plywood and Composite Wood Products
40 CFR, Part 63 Subpart ZZZZ – Stationary Reciprocating Internal Combustion Engines
40 CFR, Part 63 Subpart DDDDD – Industrial, Commercial, and Institutional Boilers and Process Heaters
40 CFR, Part 63 Subpart UUUUU – Coal and Oil-Fired Electric Utility Steam Generating Units

Additionally, EGLE requested delegation of authority to implement and enforce the Area Source NESHAP, 40 CFR, Part 63, Subpart SSSSSS - Glass Manufacturing. Pursuant to the May 1996 MOA, EGLE provided proof of incorporation of the Glass Manufacturing rule (without change) into the Michigan Air Pollution Control Rules as required by item II. E. of the MOA:

Michigan Air Pollution Control Rule - R 336.1959 Emission Standards for Glass Manufacturing Area Sources

Item II. E. of the MOA also requires EPA to respond to EGLE's written announcement of completing its rulemaking with a letter delegating enforcement authority of this standard.

Therefore, EGLE's request of delegation of authority to implement and enforce 40 CFR, Part 63, Subpart SSSSSS – Glass Manufacturing is granted by this letter.

If you have further questions concerning this matter please contact Rae Trine, of my staff, at 312-353-9228.

Sincerely,

Edward Nam
Director
Air and Radiation Division
