

Chemicals Under Review as of December 2, 2024

Listed below are the chemicals currently under review by the Toxics Unit of the [Air Quality Division](#) (AQD). This review is being undertaken to either develop a screening level where one does not currently exist, or to evaluate an existing screening level to determine if new scientific data are available that would indicate a revision is needed. The screening levels are used in the implementation of [Michigan's air toxic rules](#) that apply to new or modified sources that emit a toxic air contaminant and are required to obtain a permit to install. Under these rules, the emission of a toxic air contaminant cannot result in a maximum ambient concentration that exceeds the applicable health-based screening level.

| Date Initiated | Chemical | CAS # | Staff Contact |
|----------------|---|------------|---------------------------------|
| 8/1/2017 | Dichlorobenzenes | 25321-22-6 | Keisha Williams |
| 8/1/2017 | Alcohols, C8-18, ethoxylated propoxylated | 69013-18-9 | Keisha Williams |
| 8/1/2018 | Vanadium pentoxide | 1314-62-1 | Keisha Williams |
| 2/21/2020 | Butylated hydroxyanisole | 25013-16-5 | Keisha Williams |
| 3/26/2020 | Acetone | 67-64-1 | Keisha Williams |
| 10/1/2020 | Ethylene diamine | 107-15-3 | Mike Depa |
| 10/1/2020 | Morpholine | 110-91-8 | Mike Depa |
| 10/1/2020 | 2-Hydroxy-2-methyl-1-phenyl-1-propanone | 7473-98-5 | Mike Depa |
| 6/7/2021 | Cyclic methylhydrogensiloxane | 6166-86-5 | Mike Depa |

The length of time to review the above chemicals may range from a couple of days to many months, depending on the amount and availability of the scientific data, and priorities of the AQD. Any questions regarding a specific chemical should be directed to the contact person provided for that chemical.

Information regarding chemicals under review by the Toxics Unit will be provided to the AQD Toxics Listserv monthly. Occasionally, a chemical may come under review after the monthly notice is sent out, and then be completed before the next notice is sent out, thereby bypassing the notice of "Chemicals Under Review." If this occurred during the past month for any chemical, it is mentioned in the AQD Toxics Listserv e-mail notice.
