## Wastewater Treatment Facility

### Septage Receiving Operating Plan

January 2020

The City of Munising Wastewater Treatment Facility located at 530 East Munising Ave, Munising Michigan will continue to receive domestic Septage for treatment.

Domestic septage includes septage pumped from home septic tanks, cesspool, recreational vehicles, portable toilets, type III marine sanitation device or similar storage or treatment works that receives only domestic sewage.

The Facility shall not accept septage from service stations, car washes, food establishments or industrial wastes.

The dumping fee is 10 cents per gallon.

No additional service area has been established outside the city limits.

#### SWRF HOURS OF OPERATION:

Prior to any hauler being permitted to dispose of septage at the City of Munising WWTP the hauler must first contact the facility and fill out a SWRF Authorization form and have it signed by the Superintendent.

Haulers authorized to discharge at the facility may do so anytime between 7:00 am and 3:00 pm 7 days per week. The dumping station is located between the two gates at the front of the WWTP. Before each load the hauler must check in with the operator inside the laboratory and collect a slip with the number of gallons recorded on it.

#### RECEIVING CAPACITY:

Currently the City of Munising is allowing each hauler to discharge a maximum of 5,000 gallons per day.

Any additional information need can be obtained by contacting the facility at (906) 387-2419.
