PHILLIP D. ROOS
DIRECTOR

ELIGIBLE CHARGING NETWORK PROVIDERS

Last Updated: November 28, 2023

Charging network providers must enter into a data sharing agreement with EGLE to be eligible to participate in the National Electric Vehicle Infrastructure (NEVI) Formula Program. This document shows a list of charging network providers that have met this criterion and are approved for use.

Please note that any application that uses a charging network provider that is not on this list will be automatically rejected.

Charging network providers that wish to be added to this list can submit a completed [Data Sharing Agreement Form](#) (EQP5544) to the NEVI Formula Program Team at MDOT-Michigan-NEVI@michigan.gov.

For the purposes of this program, “charging network provider” means the entity that operates the digital communication network that remotely manages the chargers. Charging network providers may also serve as charging station operators and/or manufacture chargers.

Charging Network Provider	Contact Name	Contact Email
Red E Charging	Kevin Kardel	kevin@redecharge.com
EV Connect	Sheryl Rosenbaum	srosenbaum@evconnect.com
eCAMION USA	Vince Arone	vince.arone@ecamion.com
