Dear Brenna Harden:

SUBJECT: Receipt of a Hazardous Waste Management Facility Operating License (License) Renewal Application and Completeness Review, Gage Products Company, Ferndale, Michigan; MID 005 338 801, Waste Data Systems 393274

The Michigan Department of Environment, Great Lakes, and Energy (EGLE), Materials Management Division (MMD), has received a License renewal application from Gage Products Company for the facility located at 625 Wanda Avenue. The facility's current License was issued on March 31, 2015. Submittal of a timely renewal application allows the facility to continue to operate under its current License until EGLE makes a final decision on the renewal application.

The MMD has reviewed the renewal application and determined that it is administratively complete. The MMD will now proceed to conduct a technical review.

The MMD is scheduling an informational meeting to discuss the complete application with the public. Details regarding the meeting date, time, and location will be provided to you and published in a local newspaper, on EGLE's website, and through electronic distribution to persons on the facility's mailing list.

If you have any questions, please contact Daniel Dailey, Acting Supervisor, Permitting and Program Support Unit, Hazardous Waste Section, MMD, at 517-242-7261, DaileyD@Michigan.gov, or EGLE-MMD-HWS@Michigan.gov.

The MMD has established an electronic mailbox; EGLE-MMD-HWS@Michigan.gov, for submittals to the HWS. Please direct submissions to that mailbox unless otherwise directed by HWS. If you have problems using that mailbox, please contact Nicole Vincent, Information Management Assistant, at 517-643-5222 or VincentN1@Michigan.gov, EGLE, MMD, P.O. Box 30241, Lansing, Michigan 48909-7741.

Sincerely,

Kimberly M. Tyson, Manager
