

MIOSHA Bloodborne Infectious Diseases Online Training Program

Contact: Consultation Education and Training 517-284-7720

Before you begin:

Please review the following before you begin the training program:

- [Purpose and limitations of this training program](#)

Training Program:

- [Training materials](#)
- [Module 1](#)
- [Module 2](#)

**These training programs do NOT fulfill all the training requirements in the Bloodborne Standard nor is it intended to replace facility specific training.*

Bloodborne Infectious Diseases Reference Material:

- [What MIOSHA Standards apply to small medical offices?](#)
- [Doctors/Dental Office Checklist \(CET-5952\)](#)
- [Michigan Occupational Safety and Health Administration \(MIOSHA\) references](#)
- [Centers for Disease Control and Prevention \(CDC\) references](#)
- [USDOL Occupational Safety and Health Administration \(OSHA\) references](#)
- [Michigan Department of Environmental Quality \(DEQ\) and US Environmental Protection Agency \(EPA\) references](#)
- [Other references](#)

Purpose:

This program is designed to provide an overview of the MIOSHA Part 554 Bloodborne Infectious Diseases Standard. This training program does NOT fulfill all the employee training requirements described in the Bloodborne Standard nor is it intended to replace facility specific training.

It is designed as a "Train the Trainer" Program. Providing bloodborne infectious diseases information to those who train employees who are at risk of occupational exposure. The training program will also provide additional resources to assist trainers in becoming more knowledgeable of topics related to bloodborne infectious diseases.

Training Materials Needed:

[MIOSHA Part 554 Bloodborne Infectious Diseases Standard](#)
(You may wish to print a copy for reference during the training)

Begin Online Training: [Module 1](#) and [Module 2](#)

The following resources are referenced throughout the training program and will provide additional insight to assist with complying with the MIOSHA Bloodborne Infectious Diseases Standard.

MIOSHA Resources:

[MIOSHA Bloodborne Resources](#)

These include a Fill-in-the-Blank Sample Written Exposure Control Plan and other guidance materials.
