

# Michigan Small Community Education Grant Program

## Grant Program to Provide Recycling Education Assistance to Michigan Small Communities

*Grantees can now send customized education materials directly to their residents to improve recycling programs at no cost to them.*

Small communities in Michigan have a resource to help them educate households about how and what to recycle. The *Michigan Small Community Education Grant Program*, an effort funded by the Michigan Department of Environment, Great Lakes and Energy (EGLE) along with The Recycling Partnership, the nonprofit action agent transforming the U.S. residential recycling system for good, is open and available for communities to apply.

### Eligible Communities/Organizations:

- Nonprofit Organizations
- Tribal Governments
- Regional Planning Agencies
- Cities
- Villages
- Townships
- Charter Townships
- Counties
- Municipal Solid Waste Authorities
- Resource Recovery Authorities

### Eligible Grantees MUST:

- be located in Michigan
- have less than 10,000 households or approx. 30,000 population (unless applying on behalf of multiple communities)

Whether the local recycling program is curbside and/or drop-off, the Michigan-only online platform gives access to The Recycling Partnership's customized templates including info cards, top issue mailers, information sheets, cart tags, and dumpster signage, which can be localized, printed, and sent directly to residents, all in one place. Communities can customize materials with their logo, website, and phone number, and all pieces are designed bilingual in English and Spanish.
