- (b) Developing an initial MMP and amending the MMP.
- (c) Ensuring public participation.
- (d) Determining whether new materials management facilities are consistent with the MMP.
- (e) Collecting and submitting data for the database utilized by the department for materials management facility reporting purposes and evaluating data in the database for the planning area.
- (f) Recycling education and outreach.
- (g) Recycling and materials utilization programs.
- (h) Preparation of required reports to the department.
- (i) MMP implementation.
- (j) Efforts to obtain support for the MMP and planning process from local units of government.

I-C Grant Award

In each of the first three years of the grant program, the amount of a grant shall equal the sum of the following:

- (a) \$60,000.00 for each county in the planning area.
- (b) An additional \$10,000.00 for each county in the planning area if the planning area includes more than 1 county.
- (c) Fifty cents for each resident of the planning area, up to 600,000 residents. Please refer to [2020 U.S. Census](#) results.

Materials management planning grants shall cover 100% of eligible costs up to the authorized maximum amount as specified by rule.

Applicant(s) must provide a complete budget. Use of the [Approved Budget Form with Narrative](#) (See Section II-B) is recommended. Budgets must be itemized and be accompanied by a budget narrative which adequately describes each budget category. This is a reimbursement-based opportunity, costs must be incurred and paid for before they are reimbursed.

The Recycling Unit will award funds to applicants that agree to the terms set forth in this Request for Work Programs and the Grant Agreement. The Recycling Unit, an entity within EGLE, will be the primary contact with selected applicants to negotiate the scope of work, budget, reporting periods, report format, and reporting content. All other requirements are non-negotiable.

I-D Eligibility Criteria

Subject to appropriations, a materials management planning grant program is established to provide grants, to be known as materials management planning grants, to county boards of commissioners for the use of county approval agencies. The work program shall be prepared by the DPA and reviewed and approved by the planning committee. The work program shall describe the activities for developing and implementing the MMP and associated costs to be covered by the county and the grant.
