Re: Chronic Toxicity
National Pollutant Discharge Elimination System (NPDES)
Permit No. MI0048453

Dear Ms. Snell:

Pall Life Sciences (PLS) is required to sample and analyze Chronic Toxicity for two species on an annual basis. This set of testing was conducted July 16 through July 23, 2009. As reported by Paragon Laboratories, Inc. on July 29, 2009 (see enclosure), no adverse effect was seen in either species. Based on this evaluation, this facility meets its effluent allowance of 1.0 TU_c.

Sincerely,

Farsad Fotouhi
Vice President
Corporate Environmental Engineering

cc: Ms. Sybil Kolon, MDEQ (w/o encl)
Ms. Celeste R. Gill, Asst. Attorney General
