

# Paying in MiWaters Water Resources Division

Log into MiWaters, <https://mienviro.michigan.gov/ncore/external/home>.

The screenshot shows the MiWaters website interface. At the top, there is a navigation bar with links for Home, About, Contact, Sign In, and Mi.gov Home. Below this is a header for "MiWaters – Water Resources Information and Forms" with the subtext "Create and manage Permit Applications and Service Requests".

The main content area features a section titled "Why Create a MiWaters Account?". It lists activities that require an account: "Building on a sensitive area, such as a dune or a wetland?", "Discharging wastewater of any kind?", and "Applying pesticides to a water body?". A red arrow points from this text to the "CREATE AN ACCOUNT" button. Below the list, it states "... or similar activities, you'll need to create a MiWaters account." To the right of the list are two buttons: "CREATE AN ACCOUNT" and "SIGN IN WITH AN EXISTING ACCOUNT".

Below this section is a "Public Information and Services" section with the subtext "Keep informed with our online tools — no account necessary". It contains three tiles: "SITE MAP EXPLORER" (with a map icon), "PUBLIC NOTICE SEARCH" (with a search icon), and "REPORT SPILLS, POLLUTION, UNAUTHORIZED ACTIVITIES" (with a warning icon). The "REPORT SPILLS" tile includes a description: "If you've witnessed or become aware of spills, pollution, or any other unauthorized activities in".

At the bottom of the page, there is a footer with links for "Mi.gov Home", "MiWaters Home", "Contact", "Policies", and "Copyright 2017 State of Michigan".

Select the correct site or select (All) sites. Click on the Financials tab.

Welcome to MiWaters

Getting Started

MiWaters is a one-stop portal for submitting permit applications and service requests to DEQ's Water Resources Division. Once you or your organization has been issued a permit you can submit required reports or request changes to your permit here.

Finding and Submitting Applications and Requests

Begin by **browsing the available application, service request and report forms**. Once the desired form is located, you can fill it out, submit it, and track it here.

Managing Information for an Existing Facility, Project, or Site

If you are affiliated with an existing facility, project, or site that has had DEQ involvement, your MiWaters account can be granted access to the site in one of the following ways:

- Contact the facility directly and ask the designated MiWaters account administrator to invite you to join the site.
- **Enter a Verification Code** provided by mail from DEQ
- If the site does not currently have an active account manager, contact MiWaters support to learn how to set up a site account.

If your facility, project or site has not yet had DEQ involvement, your site will be created after you **fill out and submit an application or service request** form and DEQ has begun processing it.

Getting Help

Use the Help link icon in the top right corner of any page to view screen-specific help. If you still need assistance click the Contact link in the page header for additional support options.

**\*\*IMPORTANT INFORMATION REGARDING DEBIT BLOCKS\*\***

Some financial institutions offer a service referred to as "Debit Blocking" to their business account owners to prevent unauthorized debits (withdrawals) posting to their accounts. Most financial institutions offer the option of authorizing certain debits by providing specific information about the transactions to be authorized.

If you have a Debit Block service on your account you must contact your financial institution and have ACH transactions identified with the Company ID XXXXXXXXXX authorized to debit your account. Failure to make these arrangements will result in your payment being returned unpaid.

**International ACH Transactions (IAT)**  
Payments processed through this website are intended only for domestic ACH payments not associated with a foreign bank account, which would classify it as an International ACH Transaction (IAT). If your domestic bank account is funded or otherwise associated with a foreign bank account you must pay via an alternate payment.
