

SUMMARY OF NPDES FEES FOR STORM WATER DISCHARGES
SB 252 OF 2004

Municipal Separate Storm Sewer System (MS4) Fees

An annual fee of \$500 is required for a permit for a MS4, **unless** the permit is issued to a city, a village, a township, or a county or is a single permit authorization for MS4 in multiple locations statewide.

An annual fee for permit authorization for a municipal separate storm issued to a city, village, or township shall be determined by its population in an urbanized area as defined by the United States bureau of the census. The fee shall be based on the latest available decennial census as follows:

<u>Population Range</u>	<u>Annual Fee</u>
0 - 1,000	\$500
1,001 - 3,000	\$1,000
3,001 - 10,000	\$2,000
10,001 - 30,000	\$3,000
30,000 - 50,000	\$4,000
50,001 - 75,000	\$5,000
75,001 - 100,000	\$6,000
Greater than 100,000	\$7,000

An annual fee of \$3,000 is required for a permit for MS4 issued to county.

The annual fee for a single MS4 permit authorizing a state or federal agency to operate municipal separate storm sewer systems in multiple locations statewide shall be determined in accordance with a memorandum of understanding between that state or federal agency and the department, and shall be based on the projected needs by the department to administer the permit.

Construction Fees

A 1-time fee of \$400 is required for a permit related to a site of construction activity for each permitted site. The fee shall be submitted by the construction site permittee along with his or her Notice of Coverage (NOC).

Industrial Fees

An annual fee of \$260 is required for a permit related to a storm water discharge associated with industrial activity or from a commercial site for which the department determines a permit is needed.
