REPLY TO THE ATTENTION OF:

AIR QUALITY DIV.

Mr. G. Vinson Hellwig, Chief
Air Quality Division
Michigan Department of Environmental Quality
Constitution Hall
525 West Allegan Street
P.O. Box 30473
Lansing, Michigan 48909-7973

Dear Mr. Hellwig:

Pursuant to the Memorandum of Agreement (MOA) between Michigan Department of Environmental Quality (MDEQ) and U.S. Environmental Protection Agency (EPA) Region 5, signed by EPA on May 8, 1996, EPA hereby grants delegation of authority to implement and enforce the National Emission Standards for Hazardous Air Pollutants (NESHAPs) for the following Subparts of the Code of Federal Regulations, Title 40, Part 63 (Sec. 63.1200-63.1439) Air Programs:

Subpart O, Ethylene Oxide Emission Standards for Sterilization Facilities,
Subpart RRR, Secondary Aluminum Production,
Subpart VVV, Publically Owned Treatment Works
Subpart GGGGG, Site Remediation
Subpart YYYYYY, Electric Arc Furnace Steelmaking Area Sources
Subpart ZZZZZ, Iron and Steel Foundry Area Sources, and
Subpart ZZZZZZ, Aluminum, Copper and Other Non-Ferrous Foundry Area Sources.

On March 4, 2014, MDEQ submitted a letter to EPA providing proof of incorporation of Section 112 standards (without change), as required by item II.E of the MOA. The Section 112 standards were incorporated by reference into the Michigan Air Pollution Control Rules, under the authority of Part 55, Natural Resources and Environmental Protection Act, 1994 Act 451, as amended. Proof of incorporation was provided to EPA by way of a copy of the effective rules, a copy of the certification of the rules, and a copy of the notice of filing the rules by the Michigan's Secretary of State. Michigan's effective rules are Rule 902 (R 336.1902) which was incorporated by reference and was effective March 11, 2013; Rules 940 (R 336.1940) and 945 through 947 (R 336.1945 through R 336.1947), which became effective on September 11, 2008, and Rules 948 through 950 (R 336.1948 through R 336.1950) which became effective March 11, 2013. Item II.E of the MOA requires EPA to respond to MDEQ's written announcement of completing its rulemaking with a letter delegating enforcement authority of these standards.

Therefore, MDEQ's request for delegation of implementation and enforcement authority of the 112 standards listed above has been granted by EPA.

Pursuant to 40 C.F.R. § 63.91(b), EPA will publish a notice of this delegation in the *Federal Register*.

If you have further questions concerning this matter, please contact Rae Trine, of my staff, at 312-353-9228 or by email at trine.rae@epa.gov.

Sincerely,

George T. Czerniak
Director
Air and Radiation Division
