Legislative Report

MICHIGAN UNDERGROUND STORAGE TANK AUTHORITY

**Report Period:
Fiscal Year 2023**

**Authority:
MCL 324.21525(3)**

If you need this information in an alternate format, contact EGLE-Accessibility@Michigan.gov or call 800-662-9278.

EGLE does not discriminate on the basis of race, sex, religion, age, national origin, color, marital status, disability, political beliefs, height, weight, genetic information, or sexual orientation in the administration of any of its programs or activities, and prohibits intimidation and retaliation, as required by applicable laws and regulations.

This document and its contents are subject to the Freedom of Information Act and may be released to the public.

The Michigan Underground Storage Tank Authority (MUSTA) manages three programs: the Underground Storage Tank Cleanup Fund, the Legacy Release Program, and the Public Highway Cleanup Program. MUSTA serves Michigan's petroleum underground storage tank (UST) owners and operators (O/Os), local units of government, and county road commissions by assisting stakeholders in meeting their fiscal responsibility requirements and efficiently providing financial assistance to remediate contamination caused by releases from petroleum USTs.

The Underground Storage Tank Cleanup Fund assists O/Os of refined petroleum USTs in meeting their fiscal responsibility requirements pursuant to Part 211, Underground Storage Tank Regulations, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended (Act 451), and funds corrective actions to address releases from refined petroleum UST systems and to achieve compliance with Part 213, Leaking Underground Storage Tanks, of Act 451. To be eligible, the releases must have been discovered on or after December 30, 2014.

The Legacy Release Program assists refined petroleum UST O/Os by reimbursing them for corrective actions performed on or after December 30, 2014, in response to releases that were discovered prior to December 30, 2014.

The Public Highway Cleanup Program provides reimbursement to local units of government and county road commissions for the costs of corrective actions taken to manage, relocate, or dispose of any media contaminated by release(s) from refined petroleum UST systems that were left in place within a public highway pursuant to Section 21310a of Part 213.

The remainder of this document details the background, funding used, eligibility requirements, financial summary, and sites covered and cleanup status for claims approved in each of the three programs.

UNDERGROUND STORAGE TANK CLEANUP FUND

Background:

With an effective date of December 30, 2014, 2014 PA 416 revised Part 215, Underground Storage Tank Corrective Action Funding, of Act 451. The amendments established the Underground Storage Tank Cleanup Fund (Fund) and the Underground Storage Tank Authority (Authority).

The Authority is governed by a Board of Directors (Board) consisting of the Director of the Department of Environment, Great Lakes, and Energy (EGLE) and six residents of the state appointed by the Governor with the advice and consent of the Senate.

The Board members were initially appointed on May 25, 2015, and on July 21, 2015. The Board entered into a Memorandum of Understanding with EGLE to administer the Authority and the Fund. The Authority is in EGLE's Finance Division.

Funding:

The Fund annually receives the following revenues:

1. The first \$20 million collected annually from the Environmental Protection Regulatory Fee, which consists of a one cent per gallon fee charged against all refined petroleum products sold for resale or consumption in the state.
2. Interest received on the Fund balance.

Money in the Fund at the end of the fiscal year (FY) remains in the Fund and shall not lapse to the General Fund.

Uses of the Fund:

Money from the Fund may only be expended for the following:

1. To pay principal and interest due on bonds and notes as applicable.
2. For reasonable administrative costs not to exceed 7% of the Fund’s projected revenues in any FY.
3. To pay approved claims.

Eligibility:

All O/Os of refined petroleum UST cleanup systems are eligible to use the Fund to meet their financial responsibility requirements and to file claims and work invoices for reimbursement of eligible corrective action costs for releases discovered on or after December 30, 2014.

The number of claims that have been received increased significantly between FY 2015 and FY 2018. From FY 2019 through FY 2023, the numbers have remained steady, with claims being in the hundreds each year, validating the need for funding to reimburse for leaking UST cleanups.

Fiscal Year	Claims Received
2015	27
2016	57
2017	84
2018	138
2019	115
2020	118
2021	111
2022	112
2023	116

Financial Summary:

Revenue	
Environmental Protection Regulatory Fee	\$180,000,000
Civil Service Revenue Deduction	(\$110,514)
Correction of Prior Year Expenditures (Accounts Payable)	\$421,729
\$100 Deductible Buy-Down Fees & Miscellaneous Revenue	\$150,500
Interest	\$9,522,505
Total Revenue	\$189,984,220
Expenditures	
Principal and Interest on Bonds and Notes	\$0
Administrative Costs	\$8,824,945
Accounts Payable	\$2,218,261
Payments of Approved Claims	\$86,266,723
FY 2018 Credit Not Applied to Individual Claims	(\$18,797)
Legacy Release Program Payment Applied to Underground Storage Tank Cleanup Fund that will be corrected	\$4,684
Total Expenditures	\$97,295,816
Fund balance at end of FY 2023	\$92,688,403

Sites Covered and Cleanup Status:

A total of 818 claims have been approved for sites to be reimbursed for cleanup costs. Of these, cleanups were completed at 220 sites, and the cleanups at 598 sites are ongoing. A Site-Specific Expenditure and Cleanup Status Details report is contained in Appendix A.

LEGACY RELEASE PROGRAM

Background:

On October 26, 2017, 2017 PA 134 amended Part 215 by creating the Legacy Release Program as provided in Section 21519a.

Funding:

Up to \$36 million may be expended on the Legacy Release Program, which is funded through the Refined Petroleum Fund.

Uses of the Fund:

Money from the Fund may only be expended for eligible corrective actions taken on or after December 30, 2014, for releases that occurred prior to December 30, 2014. The maximum number of claims were received in August 2018, and no further claims are being accepted. Reimbursements for corrective actions under approved claims will still be made as appropriate. Approved claimants are eligible for reimbursement of up to \$50,000 for each approved facility.

Eligibility:

O/Os of facilities that had reported confirmed releases prior to December 30, 2014, and where the release(s) had not received regulatory closure were eligible to file claims.

Financial Summary:

Revenue	
Total Refined Petroleum Fund Revenue	\$31,649,932
Expenditures	
Accounts Payable	\$136,368
Legacy Release Program Payment Applied to Underground Storage Tank Cleanup Fund that will be corrected	(\$4,684)
Approved Claims	\$17,901,599
Total Expenditures	\$18,033,283
Remaining funding at end of FY 2023	\$13,616,649

Sites Covered and Cleanup Status:

A total of 742 claims have been approved for sites to be reimbursed for cleanup costs. Of these, cleanups are completed at 209 sites, and the cleanups at 533 sites are ongoing. A Site-Specific Expenditure and Cleanup Status Details report is contained in Appendix B.

PUBLIC HIGHWAY CLEANUP PROGRAM

Background:

On October 26, 2017, 2017 PA 134 amended Part 215 by adding language to Section 21506a(4)(f). The amendment became effective on January 24, 2018.

Funding:

Eligible work is reimbursed by the Refined Petroleum Fund, established in Section 21506a of Part 215. The amount of reimbursement may not exceed \$200,000 per claim.

Uses of the Fund:

Funding may be used to reimburse for the costs of corrective action to manage, relocate, or dispose of any media contamination by refined petroleum substances left in place pursuant to Section 21310a of Part 213.

Eligibility:

1. A claim must be filed by a local unit of government or county road commission.
2. The claim must be associated with a release from a refined petroleum UST system.
3. Only corrective actions taken on or after December 30, 2014, are eligible for reimbursement.
4. An Alternative Institutional Control or Road Dedication Letter must be in place prior to the submittal of a claim.

Financial Summary:

No work invoices have been submitted for reimbursement since the program began.

Sites Covered and Cleanup Status:

One claim was approved on December 19, 2019, for Facility ID#00011077, Speedway #3559, in Holland Charter Township, Ottawa County. The claimant has indicated that they will not be seeking reimbursement for any work conducted.
