EGLE does not discriminate on the basis of race, sex, religion, age, national origin, color, marital status, disability, political beliefs, height, weight, genetic information, or sexual orientation in the administration of any of its programs or activities, and prohibits intimidation and retaliation, as required by applicable laws and regulations.

This document and its contents are subject to the Freedom of Information Act and may be released to the public.

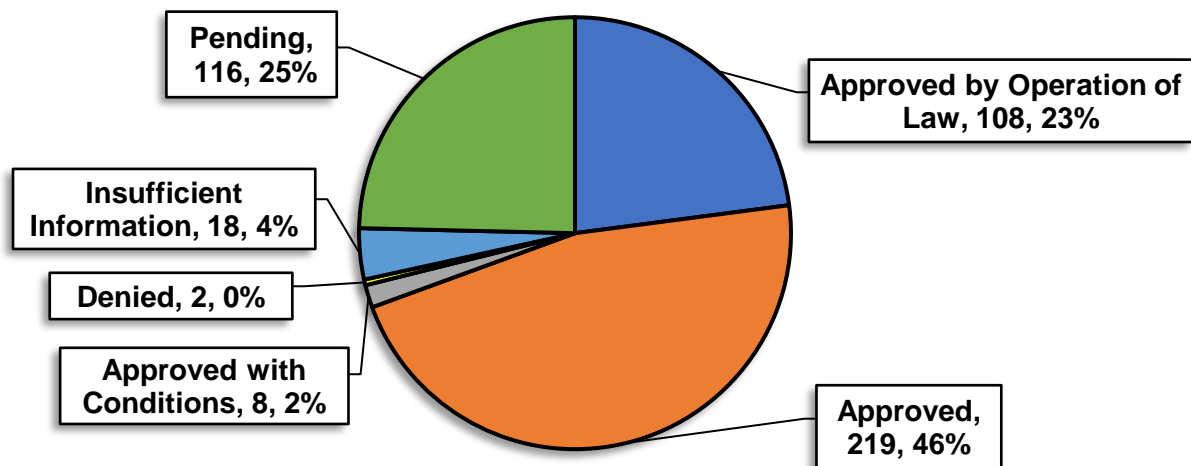

This report is provided in accordance with Section 21334 of Part 213, Leaking Underground Storage Tanks, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended (NREPA).

A total of 471 Leaking Underground Storage Tank (LUST) Closure Reports were received in fiscal year (FY) 2024.

A total of 335 approvals occurred; this includes 219 approved after audit, eight approved with conditions after audit, and 108 approved by operation of law without audit under Part 213.

There were two LUST Closure Reports denied by the Department of Environment, Great Lakes, and Energy (EGLE) due to failure to meet the statutory requirements for closure, and 18 Closure Reports had insufficient information in the report for EGLE to make a regulatory decision. A total of 116 Closure Reports are pending decisions.

FY 2024 LUST CLOSURE REPORT STATISTICS

There were no contested case hearings held pursuant to Section 21332 of Part 213.

There were also no LUST issues needing resolution by the Response Activity Review Panel pursuant to Section 20114e of Part 201, Environmental Remediation, of the NREPA.

If you need further information, please contact Mike Neller, Director, Remediation and Redevelopment Division, at 517-512-5859 or NellerM@Michigan.gov.
