

Integrated Infrastructure Conference

From Silos to Synergy: Infrastructure Asset Management in Action

Wednesday, September 23, & Thursday, September 24, 2026
Vistatech Center at Schoolcraft College in Livonia, MI

The Michigan Infrastructure Council (MIC), Transportation Asset Management Council (TAMC), and Water Asset Management Council (WAMC) host the the Integrated Infrastructure Conference (IIC) on a biennial basis.

The conference serves as a central hub for asset management and thought leadership across Michigan, shaping a better future for Michigan’s infrastructure systems and fostering collaboration among the state’s diverse infrastructure asset owners.
