10 a.m. – 1 p.m. Saturday

## Curbside Pickup Instructions

Republic Services provides bi-weekly curbside recycling at no additional cost to residents who already have weekly trash collection services.

- 1) To get a blue recycling bin, call 1-800-438-0966 (M-F, 8a.m.-5p.m., or Sat., 8a.m.-12p.m.) to request a bin to be delivered to your house.
- 2) Until you get your bin, Republic Services allows bottles to be placed in clear plastic bags. Do not put trash in the same bag as the bottles.
- 3) Until you get your bin, set the clear bags on the curb on your trash day a few feet from your trash. Once you get your bin, set it out on recycling day.
- 4) You can also drop your bag off at one of the drop-off locations around the city. (See side bar for locations)

### What should I do with the used cartridge in my water filter?

- 1) When your PUR or Brita filter needs to be changed, take the used cartridge to a distribution site.
- 2) Place the used cartridge in the box provided at the site.
- 3) Pick up a replacement cartridge.

**ALL BOTTLES DROPPED OFF MUST BE  
IN CLEAR PLASTIC BAGS  
No solid color or grocery bags  
accepted**
