Keep your MEDICAID COVERAGE running smoothly.

Learn about the new work requirements starting in 2027.

If you are 19-64 years old and covered by the **Healthy Michigan Plan (HMP)**, you may need to meet work requirements or qualify for an exemption to keep your health care coverage. Plus HMP coverage will change from annual renewals to six-month renewals.

How can you KEEP YOUR COVERAGE in motion?

Work requirements can be met by:

- Working.
- Volunteering.
- Going to school.
- Job training.
- And more.

To learn whether the changes affect you and how to keep your coverage in motion, visit **Michigan.gov/HMP.**
