MI-Facility Reported Incidents (MI-FRI)

- Major updates to F609 from CMS - QSEP
- Process for Reporting During Outages and MI-FRI Changes
- MI-FRI outage less than 1 hour
- MI-FRI outage greater than 1 hour:
 - *The MI-FRI state application is not available at this time. Providers should print the MI-FRI screen or message to demonstrate that the state reporting system was unavailable. If the print screen or message does not contain a date or time, the provider should document the date and time to demonstrate attempted compliance with the reporting requirement. The facility is still responsible for submitting the incident into the State of Michigan's MI-FRI system via MILogin as soon as possible.*

MI-Facility Reported Incidents (MI-FRI)

- All incidents/investigations must be submitted through MI-FRI
- Managers can not accept submission via email
 - If after submission something needs to be added
- Each facility can have up to six active users
 - This is in addition to corporate access

Documents during survey

- All surveys should be completely paperless
- Have your EHR Information sheet update and available upon entrance
- BSC is researching other means to collect documents
- SOM email limited to 25mb – this includes attachments and the email itself
- Other observations?

Past Noncompliance (PNC)

- What is Past Noncompliance?
 - Past noncompliance may be identified during any survey
 - The survey team is expected to follow the investigative protocols and surveyor guidance
 - To cite past noncompliance with a specific survey data tag, all criteria must be met:
 1. The facility was not in compliance at the time the situation occurred;
 2. The noncompliance occurred after the exit date of the last standard and before the current survey; and
 3. There is sufficient evidence that the facility corrected the noncompliance and is in substantial compliance at the time of the current survey; has the facility ran through the POC and QAPI process

Past Noncompliance (PNC)

- A nursing home does not provide a plan of correction
- Past noncompliance may be cited on any type of survey
- Data about past noncompliance tags are not carried forward to subsequent revisit surveys.
- Past noncompliance is documented at the actual deficiency tag
- A scope and severity determination is assigned to a past noncompliance citation
- Surveyors document on the CMS-2567 the nursing home's actions to correct the past noncompliance
- Surveyors use an in-house tool to assist them
