Certificate of Authority Discussion

Barish stated that the initiative for the Certificate of Authority came about in 2010 and he would like the report to be presented to the board for review and evaluation. He stated that other states have incorporated this authority into their rules. MacIntosh stated that this would be an issue considered by the rules committee, and that he would be asking the Board to open the rules later in the meeting.

Resolution Presentation

Hollandsworth presented resolutions to Barish, Bartlett, and Darin, honoring the time they served on the Michigan Board of Professional Surveyors.

Committee Assignments

Hollandsworth made the following assignment to the Rules Committee: Hollandsworth, Myers, Platz.

Michigan Professional Surveying Examination Discussion

MacIntosh stated that the examination statistics provided to the Board represent only a small number of potential applicants, as the profession is small. He stated that the statute does not require that a Michigan jurisprudence examination be taken to obtain licensure. He stated that the rules committee could consider this and weigh the benefits of requiring one.

Hollandsworth stated that he and Platz were recently part of a PSI workgroup to review the exam questions. He felt that the stats would be more representative of that work, if looked at a year from now.

Rules Discussion

MOTION by Barish, seconded by Myers, to open the rules.

She asked that Board members add her work cell phone number to their phones, to make communication easier.

Parag stated that he was retiring and that today would be his last meeting. He thanked the Board for all their work over the years.

MacIntosh stated that the Bureau will hold the next new Board Member Training on February 18, 2021. All Board members are welcome to attend.
