## DEPARTMENT OVERVIEW

LARA is composed of agencies and commissions that promote business growth and job creation through streamlined, simple, fair, and efficient regulation, while at the same time protect the health and safety of Michigan's citizens.

The Bureau of Community and Health Systems (BCHS) serves to protect and assure safe, effective, efficient and accessible community and health care services delivered by state licensed and federally certified providers in Michigan.

The bureau is responsible for state licensing of facilities, agencies and programs under the Public Health Code, Mental Health Code, Adult Foster Care Facility Licensing Act, and Child Care Organizations Act. The bureau is also the state agency responsible for conducting certification activities on behalf of the Centers for Medicare and Medicaid Services (CMS).

In general, the majority of state licensing activities involve the issuance and renewal of licenses to qualified facilities, agencies, and programs; conducting initial, routine and revisit inspections to determine compliance with state and federal requirements; and investigating complaints against state licensed and federally certified providers.
