## DEPARTMENT OVERVIEW

LARA is composed of agencies and commissions that promote business growth and job creation through streamlined, simple, fair, and efficient regulation, while at the same time protect the health and safety of Michigan's citizens.

The Bureau of Community and Health Systems (BCHS) serves to protect and ensure safe, effective, efficient and accessible community and health care services delivered by state licensed and federally certified providers in Michigan. It is responsible for state licensing of facilities, agencies and programs under all of the following public acts:

- Adult Foster Care Facility Licensing Act, Act 218 of 1979
- Child Care Organizations Act, Act 116 of 1973
- Mental Health Code, Act 258 of 1974
- Public Health Code, Act 368 of 1978.

The bureau also serves as the state agency responsible for conducting certification activities on behalf of the Centers for Medicare and Medicaid Services (CMS) to ensure that covered health providers and suppliers meet federal conditions to participate in the Medicare and Medicaid programs.

The majority of state licensing activities involve the issuance and renewal of licenses to qualified facilities, agencies, and programs; conducting initial, routine and revisit inspections to determine compliance with state and federal requirements; and investigating complaints against state licensed and federally certified providers.

## REPORTING REQUIREMENTS
