18. Description of Process Used to Resolve Complaints

Once a complaint has been received it is assigned to a Regulation Agent (RA), Laboratory Scientist Specialist (LSS), or Intelligence Analyst (IA) for investigation. The RA, LSS, or IA writes an investigation report. The report is reviewed by a manager and forwarded to the Legal Section for further review and to determine if a potential violation of statute or rule exists. If it is determined that a violation exists, a formal complaint may be issued. If the investigation or review determines a violation does not exist, the investigation is closed.

19. Number of Investigations Opened

There were **225** investigations opened during the last fiscal year on licensed medical facilities.

20. Number of Investigations Closed

23. Description of the Types of Enforcement Actions Taken

Warning Letters: The agency may issue a warning to a licensee if the agency determines through an investigation that the licensee violated the acts, rules, or an order. A warning remains in the licensee's file for one year from the date of service. A warning may be considered in future licensing actions. Continued or repeated non-compliance or repeated warnings for the same violation may result in further action, including the imposition of fines, other sanctions, or both against a licensee.

Formal Complaints: If an investigation has been conducted and the agency determines a licensee violated the acts, rules, or an order, the agency may serve a formal complaint on the licensee by certified mail, return receipt requested, or in person by a representative of the agency. A formal complaint remains in the licensee's file permanently. A formal complaint may be considered in future licensing action.

18. Description of the Process Used to Resolve Complaints

Once a complaint has been received it is assigned to a Regulation Agent (RA), Laboratory Scientist Specialist (LSS), or Intelligence Analyst (IA) for investigation. The RA, LSS, or IA writes an investigation report. The report is reviewed by a manager and forwarded to the Legal Section for further review and to determine if a potential violation of statute or rule exists. If it is determined that a violation exists, a formal complaint may be issued. If the investigation or review determines a violation does not exist, the investigation is closed.

19. Number of Investigations Opened

There were **1,027** investigations opened during the last fiscal year on licensed adult-use marijuana businesses.

20. Number of Investigations Closed

There were **1,266** investigations closed during the last fiscal year on licensed adult-use marijuana businesses.

21. Average Time to Complete an Investigation

The average time to complete investigations was **57.7** days.

22. Number of Enforcement Actions

There were **2,377** disciplinary actions, e.g. warning letters, formal complaints and summary suspensions, taken against medical and adult-use licensees.

23. Description of Types of Enforcement Actions Taken

Warning Letters: The agency may issue a warning to a licensee if the agency determines through an investigation that the licensee violated the acts, rules, or an

order. A warning remains in the licensee's file for one year from the date of service. A warning may be considered in future licensing actions. Continued or repeated non-compliance or repeated warnings for the same violation may result in further action, including the imposition of fines, other sanctions, or both, against a licensee.

Formal Complaints: If an investigation has been conducted and the agency determines a licensee has violated the acts, rules, or order, the agency may serve a formal complaint on the licensee by certified mail, return receipt requested, or in person by a representative of the agency. A formal complaint remains in the licensee's file permanently. A formal complaint may be considered in future licensing action.

1. Background

The Michigan Medical Marihuana Act (MMMA) is a voter-initiated statute approved on November 4, 2008, that legalized the use of medical marihuana in Michigan and created a state registry program for patients and caregivers. The information presented in the following sections of this report is required pursuant to MCL 333.26426(i) and Article 10, Section 601 of 2025 PA 22 and covers Fiscal Year 2025, from October 1, 2024, to September 30, 2025.
