Executive Summary

This annual report covers Fiscal Year 2021 from October 1, 2020, to September 30, 2021. Information about the programs within the Bureau of Professional Licensing (Bureau) can be found in this report. In addition, this report is available at the following locations:

- The Bureau of Professional Licensing website at: www.michigan.gov/bpl.
- The All About LARA section – Legislative Reports of the Department of Licensing and Regulatory Affairs website at: www.michigan.gov/lara.

The Bureau is located within the Department of Licensing and Regulatory Affairs (LARA) and oversees the licensing, investigations, and enforcement responsibilities of individuals licensed under the Occupational Code and the Public Health Code.

The mission of the Bureau is to protect, preserve and improve the health, safety, and welfare of Michigan's citizens through the licensing and regulation of occupational and health professionals. The Bureau is designed to make the regulatory system simple, fair, and efficient.

Each of the designated professions is authorized through legislative action. Most of the professions have a board consisting of licensed occupational or health professionals and public members who establish the educational, examination and general practice requirements. These requirements are established either in the legislation that authorizes the regulation of the profession or in the administrative rules for that board. Additionally, the boards are responsible for disciplining licensed/registered individuals who violate the provisions of the Public Health Code, PA 368 of 1978, as amended or the Occupational Code, PA 299 of 1980, as amended. The board members are appointed by the Governor and typically serve for two terms of four years each.

Boards elect a chair and a vice-chair each year. These individuals can be either licensed professionals or public members. For health professional boards, the board chair must appoint a disciplinary subcommittee which consists of two public members and three professional members. The disciplinary subcommittee (DSC) must be chaired by a public member. This subcommittee reviews most of the disciplinary cases and determines the sanction, if any, that needs to be imposed on the regulated individual. For other occupational boards, disciplinary actions are handled by the entire board.

Regulation of occupational and health professionals comes in three different levels of authorized practice:

- License – where only professionals that hold the credential can practice in Michigan.
- Registration – where only professionals who hold the credential can call themselves by that name, but other qualified individuals can practice that profession as long as they do not use the protected title.
- Certification – where a registry is created that indicates individuals who have met a specified level of educational training and experience and completed an examination, if appropriate. Neither the title nor the practice is limited to those who hold the credential but all of those who hold the credential have met pre-established criteria.

Michigan Board of Accountancy

The Michigan Board of Accountancy was originally formed with the enactment of Public Act 130 of 1976. On October 21, 1980, this authority was transferred to the Occupational Code, Public Act 299 of 1980, as amended.

The practice of accountancy as defined in Article 7 of the Occupational Code means rendering or offering to render an opinion on or attesting to or offering to attest to the reliability of a representation or estimate, including, but not limited to, the giving of an opinion in substance that 1 or more of the following types of information concerning the entity that is the subject of the opinion present fairly the condition of the entity:

- i. Financial or other information about which the opinion is given.
- ii. Facts respecting the entity's compliance with conditions established by law or contract, including, but not limited to, a statute, ordinance, regulation, grant, loan, or appropriation.
- iii. The scope of the accounting procedures rendered in connection with the presentation of the entity's financial statement.

The Michigan Board of Accountancy consists of 9 voting members: 6 certified public accountants and 3 public members, including 1 attorney licensed in Michigan. One of the 9 must be an instructor of accounting.

Michigan Board of Dentistry

The Michigan Board of Dentistry was originally formed with the enactment of Public Act 122 of 1919. This Act regulated the practice of dentistry and dental hygiene and authorized dental assistants.

On September 30, 1978, this authority was transferred to the Public Health Code, Public Act 368 of 1978, as amended, and included certification of specialists in the fields of orthodontics, endodontics, prosthodontics, pediatric dentistry, periodontics, oral and maxillofacial surgery, and oral pathology.

Public Act 463 of 2018, effective March 27, 2019, added the regulation of dental therapists to the Public Health Code.

Dentist, as defined by the Public Health Code, means an individual who is licensed under this Article 15 to engage in the practice dentistry.

The practice of dentistry, as defined by the Public Health Code, means the diagnosis, treatment, prescription, or operation for a disease, pain, deformity, injury, or physical condition of the human tooth, teeth, alveolar process, gums or jaws, or their dependent tissues, or an offer, undertaking, attempt to do, or holding oneself out as able to do any of these acts.

The practice as a dental therapist means providing any of the care and services, and performing any of the duties, described in section 16656 of the Public Health Code.

The practice as a dental hygienist, as defined by the Public Health Code, means practice at the assignment of a dentist in that specific area of dentistry based on specialized knowledge, formal education, and skill with particular emphasis on preventive services and oral health education.

The practice as a dental assistant, as defined by the Public Health Code, means assistance in the clinical practice of dentistry based on formal education, specialized knowledge, and skill at the assignment and under the supervision of a dentist.

The Michigan Board of Dentistry consists of 20 voting members: It consists of 9 dentists, 2 dentists who have been issued a health profession specialty certification issued under MCL 333.16608, 4 dental hygienists, 2 dental assistants, and 3 public members.

Beginning five years after the effective date of Public Act 463 of 2018, March 27, 2019, 1 dental therapist must be added to the Board, which will increase the total membership of the Board of Dentistry to 21 members.

Hearing Aid Dealer Registration

The Michigan Board of Hearing Aid Dealers was originally formed with the enactment of Public Act 265 of 1966. On October 21, 1980, this authority was transferred to the Occupational Code, Public Act 299 of 1980, as amended. By executive Order No. 1996-2, the Board of Hearing Aid Dealers was abolished effective May 15, 1996. The registration of individuals continues unimpeded.

Article 13 defines the practice of selling or fitting a hearing aid as the selection, adaptation, and sale of a hearing aid and includes the testing of hearing by means of an audiometer and other means for the sale of a hearing aid. The practice also includes the making of an impression for an ear mold.

Michigan Board of Interpreters for the Deaf, DeafBlind and Hard of Hearing

The Michigan Board of Interpreters for the Deaf, DeafBlind and Hard of Hearing was formed pursuant to Executive Order, No. 2017-8, effective December 24, 2017, which transferred all authority, powers, duties, functions, and responsibilities of the Division on Deaf, DeafBlind and Hard of Hearing, within the Department of Civil Rights, under the Deaf Persons' Interpreters Act, Public Act 204 of 1982, to the Department of Licensing and Regulatory Affairs.

The Board of Interpreters for the Deaf, DeafBlind and Hard of Hearing was created to help streamline the sign language interpreter certification process and may advise the Department of Licensing and Regulatory Affairs on all matters related to the certification of interpreters and the administration of the Deaf Persons' Interpreters Act.

A qualified interpreter, as defined by the Deaf persons' Interpreters Act, means a person who is certified through the National Registry of Interpreters for the Deaf or is certified through the state.

The Michigan Board of Interpreters for the Deaf, DeafBlind and Hard of Hearing consists of 9 voting members: 2 members who are deaf, deafblind, or hard of hearing persons; 4 members who are certified deaf persons' interpreters under Michigan law with 1 or more who may be an interpreter and owner of or work for an interpreter referral agency; 1 member who represents an institution or other organization responsible for education of interpreters or interpreter standards; 1 member who represents an educational institution or other organization that serves the deaf, deafblind, or hard of hearing community; and 1 member who represents the public and is not a certified deaf persons' interpreter under Michigan law.

Michigan Board of Medicine

The Michigan Board of Medicine was originally formed with the enactment of Public Act 237 of 1899. This act provided for the examination, regulation and licensing of physicians and surgeons in the State of Michigan and for the discipline of offenders against the Act. On January 8, 1974, a new Medical Practice Act, Public Act 185 of 1973, became effective. This Act continued in effect until September 30, 1978, when the Board's authority was transferred to the Public Health Code, Public Act 368 of 1978, as amended.

The practice of medicine, as defined in the Public Health Code, means the diagnosis, treatment, prevention, cure, or relieving of a human disease, ailment, defect, complaint, or other physical or mental condition, by attendance, advice, device, diagnostic test, or other means, or offering, undertaking, attempting to do, or holding oneself out as able to do, any of these acts.

The practice of genetic counseling, as defined in the Public Health Code, means provision of any of the following services:

- i. Obtaining and evaluating individual, family, and medical histories to determine the genetic risk for genetic or medical conditions or diseases in a client, the client's descendants, or other family members of the client.
- ii. Discussing with a client the features, natural history, means of diagnosis, genetic and environmental factors, and management of the genetic risks of genetic or medical conditions or diseases.
- iii. Identifying and coordinating appropriate genetic laboratory tests and other diagnostic studies for genetic assessment of a client.
- iv. Integrating genetic laboratory test results and other diagnostic studies with personal and family medical history to assess and communicate a client's risk factors for genetic or medical conditions or diseases.
- v. Explaining to a client the clinical implications of genetic laboratory tests and other diagnostic studies and their results.
- vi. Evaluating the responses of a client and the client's family to a genetic or medical condition or disease or to the risk of recurrence of that condition or disease and providing client-centered counseling and anticipatory guidance.
- vii. Identifying and utilizing community resources that provide medical, educational, financial, and psychosocial support and advocacy to a client.
- viii. Providing written documentation of medical, genetic, and counseling information for families of and health care professionals of a client.

The Michigan Board of Medicine consists of 19 voting members: 10 physicians, 1 physician's assistant, 1 genetic counselor, and 7 public members.

Michigan Board of Licensed Midwifery

The Michigan Board of Licensed Midwifery was formed with the enactment of Public Act 417 of 2016, effective April 4, 2017, to work in conjunction with the Department of Licensing and Regulatory Affairs to establish and implement the licensure program for the practice of midwifery in Michigan.

Midwife, as defined by the Public Health Code, means an individual who is licensed under Part 171 of Article 15 to engage in the practice of midwifery.

The practice of midwifery, as defined by the Public Health Code, means providing maternity care that is consistent with a midwife's training, education, and experience, to women and neonates during the antepartum, intrapartum, and postpartum periods. The practice of midwifery does not include the practice of medicine or osteopathic medicine or surgery, and the practice of nursing, including the practice of nursing with a specialty certification in nurse midwifery.

The Michigan Board of Licensed Midwifery consists of 12 voting members: 7 midwives, 1 certified nurse midwife, 1 physician who is a board-certified obstetrician-gynecologist, 1 physician who is a board-certified pediatrician, 2 members of the general public (1 of which is a consumer of midwifery care).

Michigan Board of Nursing

The Michigan Board of Nursing was originally created with the enactment of the Nurse Practice Act, Public Act 319 of 1909; authority was transferred to the Nursing Practice Act of 1967 by Public Act 149 of 1967. On September 30, 1978, authority was again transferred to the Public Health Code, Public Act 368 of 1978, as amended. On April 9, 2017, the Public Health Code was amended by Public Act 499 of 2017, to add a clinical nurse specialist to the Board.

The Michigan Public Health Code defines the practice of nursing in Michigan and empowers the Board to establish qualifications for nurse licensure; to establish standards for education and approve nurse education programs; develop and implement criteria for assurance of continued competency; and take disciplinary action against licensees when the health, safety, and welfare of the public has been adversely affected.

The practice of nursing, as defined in the Public Health Code, means the systematic application of substantial specialized knowledge and skill, derived from the biological, physical, and behavioral sciences to the care, treatment, counsel, and health teaching of individuals who are experiencing changes in the normal health processes or who require assistance in the maintenance of health and the prevention or management of illness, injury, or disability.

The practice of nursing as a licensed practice nurse or LPN means the practice of nursing based on less comprehensive knowledge and skill than that required of a registered professional nurse and performed under the supervision of a registered professional nurse, physician, or dentist. The licensed practical nurse is a health profession subfield of the practice of nursing.

Registered professional nurse or RN means an individual licensed under Part 172 or Article 15 to engage in the practice of nursing which scope of practice includes the teaching, direction, and supervision of less skilled personnel in the performance of delegated nursing activities.

Advanced practice registered nurse, or APRN means a registered professional nurse who has been granted a specialty certification under Part 172 of Article 15 the health specialty field of nurse midwifery, nurse practitioner, or clinical nurse specialist.

The Board may grant a specialty certification to a registered professional nurse with advanced training, who demonstrates competency through examination or other evaluative process, in the health profession specialty fields of nurse midwifery, nurse anesthetist, nurse practitioner, and clinical nurse specialist.

The Michigan Board of Nursing consists of 23 members: 9 registered professional nurses, 1 nurse midwife, 1 nurse anesthetist, 1 nurse practitioner, 1 clinical nurse specialist, 3 licensed practical nurses, and 7 public members.

- Three of the registered professional nurses shall be engaged in nursing education, 1 of whom shall be in less than a baccalaureate program, 1 in a baccalaureate or higher program, and 1 in a licensed practical nurse program and each of whom shall have a master's degree from an accredited college with a major in nursing.
- Three of the registered professional nurse members shall be engaged in nursing practice or nursing administration, each of whom shall have a baccalaureate degree in nursing from an accredited college.

- Three of the registered professional nurse members shall be engaged in nursing practice or nursing administration, each of whom shall be a non-baccalaureate registered nurse.
- Three of the licensed practical nurse members shall have graduated from a state approved program for the preparation of individuals to practice as a licensed practical nurse.
- The nurse midwife, the nurse anesthetist, the nurse practitioner, and the clinical nurse specialist shall each have a specialty certification granted by the Michigan Board of Nursing in his or her respective specialty field.

Personnel Agency Licensure

The Michigan Board of Personnel Agencies was originally formed with the enactment of Public Act 301 of 1974. On October 21, 1980, this authority was transferred to the Occupational Code, Public Act 299 of 1980, as amended. By executive Order No. 2007-22, the Board of Personnel Agencies was abolished effective July 15, 2007. The licensure of individuals continues unimpeded.

Article 10 defines personnel agency as a type A personnel agency or a type B personnel agency, or both. Type A personnel agency is defined as a person who is engaged in the business or profession of serving, assisting, or in any way aiding a client seeking employment or making basic career decisions, who puts a client in direct contact with employers, and who receives a fee from the client for the services rendered or offered to be rendered. Type B personnel agency is defined as a person who is engaged in the business or profession of serving, assisting, or in any way aiding or consulting with a client to make basic career decisions and who receives a fee from the client for the services rendered or offered to be rendered.

Michigan Board of Pharmacy

The Michigan Board of Pharmacy was originally formed with the enactment of Public Act 134 of 1885. On March 28, 1963, the authority of the Board to regulate the practice of pharmacy and prescribe penalties for violations of the act, was transferred to Public Act 151 of 1962. On September 30, 1978, authority was transferred to the Public Health Code by Public Act 368 of 1978, as amended.

The Public Health Code defines the practice of pharmacy as a health service, the clinical application of which includes the encouragement of safety and efficacy in the prescribing, dispensing, administering and use of drugs and related articles for the prevention of illness and the maintenance and management of health. The practice of pharmacy includes the direct or indirect provision of professional functions and services associated with the practice of pharmacy.

The professional functions associated with the practice of pharmacy include: the interpretation and evaluation of prescriptions; drug product selection; compounding, dispensing, safe storage, and distribution of drugs and devices; maintenance of legally required records; advising the prescriber and the patient as required regarding contents, therapeutic action, utilization, and possible adverse reactions and interactions of drugs.

The Public Health Code, by Section 17722, grants authority to the Board of Pharmacy to: regulate, control, and inspect the character and standards of pharmacy practice and of drugs and devices manufactured, distributed, prescribed, dispensed, administered, or issued in this state and procure samples, and limit or prevent the sale of drugs and devices that do not comply with Part 177; prescribe minimum criteria for the use of professional and technical equipment in reference to the compounding and dispensing of drugs and devices; grant a pharmacy license for each separate place of practice of compounding or dispensing of prescription drugs and devices; grant a drug control license for the place of practice for a dispensing prescriber who meets the requirements for a drug control license; and grant licenses to a manufacturer and wholesale distributor. The Board also has the obligation to discipline licensees who have adversely affected the public's health, safety, and welfare, schedule substances, and review pilot projects.

On September 24, 2014, Public Act 285 of 2014, amended the Public Health Code to provide for the licensure of pharmacy technicians. The Public Health Code defines a pharmacy technician as an individual who is required to hold a health profession subfield license under Part 177 to serve as a pharmacy technician. The practice as a pharmacy technician includes: assisting in the dispensing process; handling the transfer of prescriptions that are not controlled substances; compounding drugs; preparing or mixing intravenous drugs for injection into human patients; contacting prescribers concerning prescription drug order clarification; receiving verbal orders for prescription drugs that are not controlled substances; and performing other functions authorized under rules promulgated by the department in consultation with the board.

The Michigan Board of Pharmacy consists of 11 voting members: 6 pharmacists, 1 pharmacy technician, and 4 public members.

Michigan Board of Physical Therapy

The Michigan Board of Physical Therapy was originally formed with the enactment of Public Act 164 of 1965. On September 30, 1978, authority was transferred to the Public Health Code by Public Act 368 of 1978, as amended.

The practice of physical therapy, as defined in the Public Health Code, means the evaluation of, education of, consultation with, or treatment of an individual by the employment of effective properties of physical measures and the use of therapeutic exercises and rehabilitative procedures, with or without assistive devices, for the purpose of preventing, correcting, or alleviating a physical or mental disability. Physical therapy includes treatment planning, performance of tests and measurements, interpretation of referrals, initiation of referrals, instruction, consultative services, and supervision of personnel. Physical measures include massage, mobilization, heat, cold, air, light, water, electricity, and sound. Practice of physical therapy does not include the identification of underlying medical problems or etiologies, establishment of medical diagnoses, or the prescribing of treatment.

Public Act 55 of 2009 amended the Public Health Code to include the licensing of the physical therapist assistant. The physical therapist assistant is an individual with a health profession subfield license under this part who assists a physical therapist in physical therapy intervention.

The practice of the physical therapist assistant is defined as the practice of physical therapy performed under the supervision of a physical therapist licensed under this part.

Additionally, it modified the composition of the board to 11 voting members: 6 physical therapists, 1 physical therapist assistant, and 4 public members.

Michigan Joint Task Force on Physician's Assistants

The Committee on Physician's Assistants was formed with the enactment of Public Act 420 of 1976, signed by the Governor on January 9, 1977. The Act regulated the practice of physician's assistants in the State of Michigan, providing a system to determine and approve the qualifications of physician's assistants, creating a committee on physician's assistants, prescribing its powers and duties, and prescribing penalties. On September 30, 1978, this authority was transferred to the Public Health Code, Public Act 368 of 1978, as amended and became the Joint Task Force on Physician's Assistants.

The practice of a physician's assistant, as defined in the Public Health Code, means the practice of medicine, osteopathic medicine and surgery, or podiatric medicine and surgery with a participating physician under a practice agreement.

The Joint Task Force on Physician's Assistants of 2009 consisted of 11 voting members: 5 physician's assistants, a physician representative of the Boards of Medicine, Osteopathic Medicine and Surgery and Podiatric Medicine and Surgery and 3 public members. In May 2010, Public Act 79 passed which increased the board composition to 13 members: 7 physician's assistants, 1 member each from the Board of Medicine, Board of Osteopathic Medicine and Surgery, and the Board of Podiatric Medicine and Surgery who hold a license other than a health profession subfield license, and 3 public members.

Michigan Sanitarian Registration

The Michigan Board of Sanitarians was originally formed with the enactment of Public Act 147 of 1963. On September 30, 1978, this authority was transferred to the Public Health Code, Public Act 368 of 1978, as amended. Executive Order No. 1996-2, effective May 15, 1996, transferred all statutory authority, powers, duties, functions and responsibilities of the Board of Sanitarians under Part 184 of the Public Health Code, being Sections 333.18401 et seq. of the Michigan Compiled Laws, from the Department of Commerce to the Director of the Department of Consumer & Industry Services by a Type III transfer as defined by Section 3 of Act No. 380 of the Public Acts of 1965, as amended, being Section 16.103 of the Michigan Compiled Laws. Effective January 1, 2004, Executive Order No. 2003-18 transferred, by a Type II transfer, any authority, powers, duties, functions and responsibilities for programs or functions within the Department of Consumer & Industry Services, within the former Bureau of Health Professions, to the Director of the Department of Community Health.

Public Act 308 of 2004, effective January 1, 2004, created a seven-member advisory committee whose purpose is to make recommendations to the Department relative to qualifications for registration, establishment of education and training standards and actions regarding disciplinary proceedings. Underlying all duties is the responsibility of the Department to promote and protect the public's health, safety, and welfare.

Sanitarian means an individual who has specialized education and experience in the physical, biological, and sanitary sciences as applied to the educational, investigational, and technical duties in the field of environmental health.

By Executive Order 2009-12, the Sanitarian Advisory Committee was abolished effective May 17, 2009. The registration of individuals continues unimpeded.

Michigan Board of Social Work

The authority for the Michigan Board of Examiners of Social Work was originally formed on October 21, 1980, the authority of the Board was transferred to the Public Health Code, Public Act 368 of 1978, as amended, by Public Act 11 of 2000.

The practice of social work at the bachelor's level, as applied within the scope of social work values, ethics, principles and skills, means the following: the application of social work theory, knowledge, methods and ethics; social work case management and casework; helping communities, organizations, individuals, or groups improve their social or health services by utilizing social work practice skills; and the administration of assessment checklists that do not require special training and that do not require interpretation.

The practice of social work at the master's level, as applied within the scope of social work values, ethics, principles, and skills, means the following: advanced application of macro social work processes and systems; the advanced application of specialized clinical knowledge; and advanced clinical skills and the advanced application of the knowledge of human development and behavior and social, economic, and cultural institutions.

The Michigan Board of Social Work consists of 9 voting members: 6 individuals engaged primarily in the practice of social work and 3 public members.

Michigan Board of Speech-Language Pathology

The Michigan Board of Speech-Language Pathology was created with the enactment of Public Act 524 of 2008, which amended the Public Health Code, Public Act 368 of 1978.

The practice of speech-language pathology, as defined in the Public Health Code, means the application of principles, methods, and procedures related to the development of disorders of human communication including the following:

- i. Identifying by history or nonmedical physical examination, assessing, treating with therapy, rehabilitating, and preventing disorders of speech, voice, and language.
- ii. Identifying by history or nonmedical physical examination, assessing, treating with therapy, rehabilitating, and preventing disorders of oral-pharyngeal function and disorders related to swallowing dysfunction.
- iii. Identifying by history or nonmedical physical examination, assessing, treating with therapy, rehabilitating, and preventing cognitive-communicative disorders.
- iv. Assessing, selecting, and developing augmentative and alternative communication systems and providing training in their use.
- v. Providing speech-language treatment or therapy and related counseling services to deaf, deafblind, and hard of hearing persons and their families.
- vi. Enhancing speech-language proficiency and communication effectiveness.
- vii. Screening of hearing for the purpose of speech-language assessment provided that judgments and descriptive statements about results of that screening are limited to pass-fail determinations.

The Michigan Board of Speech-Language Pathology consists of 11 voting members: 6 speech-language pathologists (at least 1 of whom represents each professional area described in MCL 333.17609), 3 public members, and 2 physicians (1 of whom is a board-certified otolaryngologist).

Michigan Board of Veterinary Medicine

The authority for the Michigan Board of Veterinary Medicine was transferred to the Public Health Code, Public Act 368 of 1978, as amended, on September 30, 1978.

The practice of veterinary medicine, as defined in the Public Health Code, means prescribing or administering a drug, medicine, treatment or method of procedure; performing an operation or manipulation; applying an apparatus or appliance; or giving an instruction or demonstration designed to alter an animal from its normal condition; curing, ameliorating, correcting, reducing, or modifying a disease, deformity, defect, wound, or injury in or to an animal; diagnosing or prognosing, or both, a disease, deformity or defect in an animal by a test, procedure, manipulation, technique, autopsy, biopsy, or other examination.

The Public Health Code, Public Act 368 of 1978, defines the practice of a veterinary technician as being a health profession subfield of the practice of veterinary medicine that includes the practice of veterinary medicine based on a less comprehensive knowledge and skill than that required of a veterinarian and performed under supervision of a veterinarian.

The Michigan Board of Veterinary Medicine consists of 9 voting members: 5 veterinarians, 1 veterinary technician, and 3 public members. (The Chief of the Animal Health Division of the Department of Agriculture is an *ex officio* member without a vote).

Michigan Health Professional Recovery Committee

The Health Professional Recovery Committee (HPRC) was created by Public Act 80 of 1993, which became effective April 1, 1994. Section 333.16167 describes the Committee's duties as follows: Sec. 16167. The committee shall do all the following: (a) Establish the general components of the health professional recovery program and a mechanism for monitoring health professionals who may be impaired. (b) Subject to sections 16169 and 16170 and in conjunction with the health professional recovery program consultants described in section 16168, develop, and implement criteria for the identification, assessment, and treatment of health professionals who may be impaired. (c) In conjunction with the health professional recovery program consultants described in section 16168, develop, and implement mechanisms for the evaluation of continuing care or aftercare plans for health professionals who may be impaired. (d) Develop a mechanism and criteria for the referral of a health professional who may be impaired to a professional association when appropriate for the purpose of providing assistance to the health professional. In developing criteria under this subdivision, the committee shall require that a referral be made only with the consent of the health professional. (e) Annually report to each board and the physician's assistants task force created under this article on the status of the health professional recovery program.

The committee shall include in the report, at a minimum, statistical information on the level of participation in the program of each health profession. The committee may include in the report recommendations for changes in the health professional recovery program and for participation by the boards and the physician's assistants task force, professional associations, substance abuse treatment and prevention programs, and other appropriate agencies.

In accordance with Section 333.16165 of the Public Health Code, the health profession boards appoint members in consultation with appropriate professional associations. The Director shall appoint the public members.

Michigan Board of Examiners in Mortuary Science

The Michigan Board of Examiners in Mortuary Science was originally formed with the enactment of Public Act 268 of 1949. On October 21, 1980, this authority was transferred to the Occupational Code, Public Act 299 of 1980, as amended.

Article 18 defines the practice of mortuary science as the practice of embalming or the practice of funeral directing, or both. A funeral establishment is defined as a place of business used in the care and preparation for burial or transportation of a dead human body or a place where a person represents that the person is engaged in the profession of undertaking or the practice of mortuary science.

The Michigan Board of Examiners in Mortuary Science consists of 9 voting members: 6 licensees and 3 public members.
