DEPARTMENT OF LICENSING AND REGULATORY AFFAIRS
BUREAU OF CONSTRUCTION CODES

In re John Stone

Decision: Denial of amendment application for mechanical contractor examination to add classification pursuant to the Michigan Skilled Trades Regulation Act, MCL 339.5807(1)(a)
Agency: Bureau of Construction Codes
Case Type: Licensing

Issued and Entered

This 21st day of May 2025
By Andrew Brisbo, Director
Bureau of Construction Codes
Department of Licensing and Regulatory Affairs

Pursuant to MCL 339.6105 and Executive Order 2017-3, Mr. John Stone's appeal regarding the Bureau of Construction Codes' decision to deny his amendment application for adding classification #1-hydronic heating and cooling and process piping to his mechanical license was presented in a regularly scheduled, public meeting before the Board of Mechanical Rules on May 21, 2025. After considering the parties' written submissions and oral arguments, the Board of Mechanical Rules voted to recommend that the Department of Licensing and Regulatory Affairs affirm the denial of Mr. Stone's amendment application for classification #1-hydronic heating and cooling and process piping.

FINAL DECISION AND ORDER

After reviewing the record of Mr. Stone's amendment application and appeal and considering the recommendation of the Board of Mechanical Rules, the Department of Licensing and Regulatory Affairs denies Mr. John Stone's appeal and affirms the Bureau of Construction Codes' decision to deny Mr. Stone's amendment application for classification #1- hydronic heating and cooling and process piping due to the fact he does not meet the minimum standards for testing; primarily not providing 6,000 hours of experience gained over 3 years as an employee of a mechanical contractor employer holding classification #1- hydronic heating and cooling and process piping as required by MCL 339.5807(1)(a).

This Order shall be effective on the date signed below by the Director of the Bureau of Construction Codes (BCC).
