## Michigan Residential Code Notification

January 10, 2025

The latest edition of the International Residential Code has been published and is available to the general public. On December 12, 2024, the department held a public meeting at the Michigan Library & Historical Center, First Floor Forum, and offered the public an opportunity to present data and comments on the general need to update the Michigan Residential Code.

We appreciate the stakeholder feedback provided at that meeting along with additional written input the department received on the 2024 International Residential Code.

Pursuant to MCL 125.1504(6), the department has determined to update the Michigan Residential Code to adopt the 2024 edition of the International Residential Code.

Bureau of Construction Codes
