

Evidence-Based Resources

Tool to Supplement the Substance Use Disorders Service Program Administrative Rules

This Evidence-Based Resources tool was created to support facility compliance with the Michigan Department of Licensing and Regulatory Affairs (LARA), Bureau of Community and Health Systems Substance Use Disorders (SUD) Service Program [Administrative Rules](#). This tool aims to facilitate the use of national and international medical professional associations, public health agencies, governmental bodies, and accrediting organization resources that promote clinical practices based on current, scientific evidence.

No.	Webpage Name	Description of the Resource	Resources Available	Website
Federal Agency				
1	Substance Abuse and Mental Health Services Administration (SAMHSA)	SAMHSA is the agency within the U.S. Department of Health and Human Services that leads public health efforts to advance the behavioral health of the nation.	<ul style="list-style-type: none"> ○ Buprenorphine ○ Evidence-Based, Whole-Person Care for Pregnant People Who Have Opioid Use Disorder ○ Federal Guidelines for Opioid Treatment Programs ○ Medications for Substance Use Disorders ○ Methadone ○ Telehealth for the Treatment of Serious Mental Illness and Substance Use Disorders ○ TIP 33: Treatment for Stimulant Use Disorders ○ TIP 49: Incorporating Alcohol Pharmacotherapies into Medical Practice ○ TIP 63: Medications for Opioid Use Disorder 	https://www.samhsa.gov

No.	Webpage Name	Description of the Resource	Resources Available	Website
2	National Institute on Drug Abuse (NIDA)	NIDA's mission is to advance science on drug use and addiction and to apply that knowledge to improve individual and public health.	<ul style="list-style-type: none"> ○ Effective Treatments for Opioid Addiction ○ Medication Treatment for Opioid Use Disorder in the Emergency Medicine Setting ○ Medication Treatment for Opioid Use Disorder in the Federally Qualified Health Center Setting ○ Medication Treatment for Opioid Use Disorder in the Inpatient Hospital Setting ○ Medication Treatment for Opioid Use Disorder in the Pediatric (Adolescent Medicine) Setting ○ Medication Treatment for Opioid Use Disorder in the Primary Care Setting 	https://nida.nih.gov
3	Food and Drug Administration (FDA)	The FDA is responsible for protecting the public health by ensuring the safety, efficacy, and security of human and veterinary drugs, biological products, and medical devices; and by ensuring the safety of our nation's food supply, cosmetics, and products that emit radiation.	<ul style="list-style-type: none"> ○ FDA Recommends Health Care Professionals Discuss Naloxone ○ Information about Medication Assisted Treatment (MAT) ○ Opioid Medication 	https://www.fda.gov
4	Centers for Disease Control and Prevention (CDC)	CDC is the nation's leading science-based, data-driven, service organization that protects the public's health.	<ul style="list-style-type: none"> ○ Reversing Opioid Overdoses with Lifesaving Naloxone ○ Reducing Stigma ○ Treatment and Recovery Fact Sheet 	https://www.cdc.gov
5	United States Department of Health and Human Services (HHS)	The mission of HHS is to enhance the health and well-being of all Americans, by providing for effective health and human services and by fostering sound, sustained advances in the sciences underlying medicine, public health, and social services.	<ul style="list-style-type: none"> ○ Guidance for Information About Substance Use Disorders ○ Telemedicine and Prescribing Buprenorphine for the Treatment of Opioid Use Disorder 	https://www.hhs.gov

No.	Webpage Name	Description of the Resource	Resources Available	Website
6	White House Office of National Drug Control Policy	ONDCP leads and coordinates the nation's drug policy so that it improves the health and lives of the American people.	National Drug Control Strategy	https://www.whitehouse.gov/ondcp/
State Agency				
7	Michigan Department of Health and Human Services (MDHHS)	MDHHS is a principal department of the state of Michigan that provides public assistance, child and family welfare services, and oversees health policy and management.	<ul style="list-style-type: none"> ○ Opioids – Information for Opioid Prescribers ○ Support Act Section 1003: Exploring Michigan's SUD Treatment Capacity and Access ○ The Substance Use, Gambling and Epidemiology Section 	https://www.michigan.gov/mdhhs
8	Michigan Department of Licensing and Regulatory Affairs (MDLARA)	LARA is a principal department in the state of Michigan that oversees employment, professional licensing, construction, and commerce.	<ul style="list-style-type: none"> ○ Buprenorphine Prescribing Practices, Barriers & Facilitators ○ Community and Health Systems – Substance Use Disorders 	https://www.michigan.gov/lara
Intergovernmental Organization				
9	World Health Organization	WHO leads global efforts to expand universal health coverage. WHO directs and coordinates the world's response to health emergencies.	<ul style="list-style-type: none"> ○ International Standards for the Treatment of Drug Use Disorders 	https://www.who.int
Non-Governmental Organization				
10	National Alliance on Mental Illness (NAMI)	NAMI is the nation's largest grassroots mental health organization dedicated to building better lives for the millions of Americans affected by mental illness.	<ul style="list-style-type: none"> ○ Substance Use Disorders ○ Treatment Settings 	https://www.nami.org/
11	Pew Charitable Trusts	The Pew Charitable Trusts uses data to make a difference. Pew addresses the challenges of a changing world by illuminating issues, creating common ground, and advancing ambitious strategies that lead to tangible progress.	<ul style="list-style-type: none"> ○ Medications for Opioid Use Disorder Improve Patient Outcomes ○ Methadone is an Effective Treatment for Opioid Use Disorder 	https://www.pewtrusts.org/en/

No.	Webpage Name	Description of the Resource	Resources Available	Website
12	Drug Policy Alliance (DPA)	The DPA is the leading organization in the U.S. promoting alternatives to the war on drugs. DPA envision a just society in which the use and regulation of drugs are grounded in science, compassion, health, and human rights; in which people are no longer punished for what they put into their own bodies; and in which the fears, prejudices, and punitive prohibitions of today are no more.	<ul style="list-style-type: none"> ○ Harm Reduction ○ Substance Use Disorder Treatment 	https://drugpolicy.org
13	National Harm Reduction Coalition (NHRC)	NHRC seeks to uplift the voices and experiences of people who use drugs and bring harm reduction strategies to scale through overdose prevention, syringe access implementation, training and capacity building, policy and advocacy, and conference and other events.	<ul style="list-style-type: none"> ○ How to Assemble Naloxone Kits ○ Medication for Opioid Use Disorder (MOUD) Overview 	https://harmreduction.org
14	Providers Clinical Support System (PCSS)	PCSS is a program funded by the Substance Abuse and Mental Health Services Administration (SAMHSA) created in response to the opioid overdose epidemic to train primary care providers in the evidence-based prevention and treatment of opioid use disorders (OUD) and treatment of chronic pain.	<ul style="list-style-type: none"> ○ Buprenorphine Induction ○ Childbirth, Breastfeeding and Infant Care: Methadone and Buprenorphine ○ Monitoring of Liver Function Tests and Hepatitis in Patients Receiving Buprenorphine/Naloxone ○ Transfer from Methadone to Buprenorphine 	https://pcssnow.org/
15	Vital Strategies	Vital Strategies helps governments strengthen their public health systems to contend with the most important and difficult health challenges. Vital Strategies designs solutions that can scale rapidly and improve the lives of millions of people. The organization's mission is to work in partnership to reimagine evidence-based, locally driven policies and practices to advance public health.	<ul style="list-style-type: none"> ○ Access to Naloxone to Reduce Overdose Deaths ○ Medication Assisted Treatment for Opioid Use Disorder in Jails and Prisons ○ Medications for Opioid Use Disorders Prevent Overdose Deaths 	https://www.vitalstrategies.org/

No.	Webpage Name	Description of the Resource	Resources Available	Website
16	Harm Reduction International (HRI)	HRI uses data and advocacy to promote harm reduction and drug policy reform. HRI shows how rights-based, evidence-informed responses to drugs contribute to healthier, safer societies, and why investing in harm reduction makes sense.	<ul style="list-style-type: none"> ○ Integrated and Person-Centered Harm Reduction Services 	https://hri.global
17	Commission on Accreditation of Rehabilitation Facilities (CARF)	CARF is an independent, nonprofit organization that provides accreditation services worldwide at the request of health and human service providers.	<ul style="list-style-type: none"> ○ Behavioral Health Program Descriptions ○ Opioid Treatment Program - Detoxification ○ Opioid Treatment Program Hub ○ Opioid Treatment Program – Outpatient Treatment ○ Opioid Treatment Program – Residential Treatment 	https://www.carf.org
18	The Joint Commission	The Joint Commission enterprise is a global driver of quality improvement and patient safety in health care. Through leading practices, unmatched knowledge and expertise, and rigorous standards, the Joint Commission helps organizations across the continuum of care lead the way to zero harm.	<ul style="list-style-type: none"> ○ Facts about Opioid Treatment Program Accreditation 	https://www.jointcommission.org/
19	National Commission on Correctional Health Care (NCCHC)	The mission of the NCCHC is to improve the quality of health care in jails, prisons, and juvenile confinement facilities.	<ul style="list-style-type: none"> ○ Jail-Based Medication Assisted Treatment 	https://www.ncchc.org
Professional Association				
20	American Society of Addiction Medicine (ASAM)	ASAM is a physician-led professional community for those who prevent, treat, and promote remission and recovery from the disease of addiction, and to provide resources for continuing innovation, advancement, and implementation of addiction science and care.	<ul style="list-style-type: none"> ○ Appropriate Use of Drug Testing in Clinical Addiction Medicine ○ Clinical Practice Guideline on Alcohol Withdrawal Management ○ The ASAM National Practice Guideline for the Treatment of Opioid Use Disorder 	https://www.asam.org
