Who We Are

The **Moving Forward Coalition** is a group of individuals and organizations that have come together to drive specific, actionable improvements in nursing home quality, while building a sustainable network to continue this vital work.

In the first two years, **our purpose** is to develop, test, and promote action plans to improve nursing home resident quality of life.

The NASEM Report

“The way the U.S. finances, delivers, and regulates care in nursing home settings is ineffective, inefficient, fragmented, and unsustainable.”

– National Academies of Sciences, Engineering, and Medicine (NASEM) Report

Coalition Vision and Mission

Our vision is that every nursing home will be a community in which lives are nurtured, residents are empowered, and where people want to work.

Our mission is that we will make vital changes in policy and practice through the power of bringing diverse voices together **now**.

Diverse Working Committees

Our Supporting Organizations

40 organizations have signed on as official supporting organizations of the Coalitions work. We are building and strengthening action-oriented partnerships with many more.
