# Isn't it Time for a Change?!

**It has never been easier to become a Red Cross Training provider.**
**Here's why the Red Cross is the clear choice for <u>all of your</u> Safety needs!**

- ✓ **Nationwide, best-in-class OSHA-compliant safety training programs available across all your locations.**

- ✓ **Easy to do business.**
  - ✓ Ease of transition - FREE online instructor on-boarding - completed in just hours.
  - ✓ Dedicated national account manager and streamlined scheduling process for training courses
  - ✓ FREE downloadable, digital course materials and training resources through online instructor portal
  - ✓ Easy online cert management – simply enter student email and obtain electronic cert immediately
  - ✓ Deluxe instructor kit package available at a discount

- ✓ **Industry-leading and award-winning Blended Learning for First Aid/CPR/AED: Great value at a great price.**
  - ✓ Red Cross Online Blended Learning (using real-life scenarios) is FREE and reduces students' in-class training time by 40% (small charge for skill session only)
  - ✓ Train more students in less time.

- ✓ **Flexibility.** Save time, save money by designing the perfect program to fit your company.

- ✓ **Customized One-Stop Solution for all of your Safety needs:** Includes safety training, training supplies, and comprehensive AED program.

- ✓ **Digital innovation.** FREE emergency and first aid apps that put safety and preparedness information right in the pocket of you and your students' hands.

Proceeds from Red Cross training support the life-saving mission of the Red Cross, including disaster relief, blood collection, and services to the Armed Forces
