Memorandum

DATE: November 23, 2021
TO: Michigan Certified Fire Inspectors
FROM: Kevin J. Sehlmeier, State Fire Marshal/Director
SUBJECT: State Certified Fire Inspector Application and Recertification Updates

Effective immediately, the State Certified Fire Inspector (CFI) application and recertification processes have been assigned to the Fire Fighter Training Division (FFTD). This change allows for better alignment with the various laws ([Public Act 291 of 1966](#) and [Public Act 207 of 1941](#)) and rule sets that affect both CFIs and the issuing of fire training certifications.

During this implementation of the new [Fire Fighters Training Council General Rules](#), we identified necessary changes that needed to occur to align with the new rules, including changes to the form (BFS-997 State Certified Fire Inspector Application) used for initial CFI certification and the CFI recertification (or renewal) processes.

- **Criminal Background:** The [Fire Inspector Certification Rules](#) require that inspectors seeking or maintaining certification must be free of misdemeanor and/or felony convictions. This is part of the Certification Requirements (R.29.502) as part (d) “good moral character” and part (e).
 - **Note:** A misdemeanor or felony conviction may be presented to the BFS for determination if it is of a nature that may reasonably interfere with the performance of an inspector’s duties.
- **Lapsed Certification:** CFIs are also required to maintain current certification under Rule 29.502a of the [Fire Inspector Certification Rules](#). The following applies to inspectors with lapsed or expired certifications who are seeking to become recertified:
 - **Inactive CFI (less than six (6) years lapsed)**
 - May recertify
 - **Expired CFI (more than six (6) years lapsed)**
 - May not recertify
 - Must successfully meet the NFPA 1031 requirements again.

- **Applicant Certification and Attestation:** This section has been consolidated into one place on the document.

We anticipate this realignment will ensure a smooth and expeditious application process for both those seeking initial CFI credentials and those seeking recertification. The form updates will also allow for BFS staff to focus on other inspector matters, such as reviewing CFI Continuing Education Program Approval Applications (BFS-1504) with deadlines established in the rules.
