Virtual - NFPA 1021 Fire Officer 1

The Fire Officer I course is designed to place emphasis on the understanding and application of leadership theories and traits, challenges, and how we use leadership to reach objectives. We will also discuss basic principles and methods of community risk reduction.

This will be a **virtual course** with mandatory student and instructor interaction via an on-line platform such as ZOOM along with independent study. These on-line interactions will take place weekly on **Tuesdays at 6:00pm**. The students will be required to be available **every** Tuesday from 6:00pm-8:00pm to have discussion and dialogue with the instructor and students. To be successful students must take and pass written examination with a 70%. Students are also required to complete all job performance requirements (JPR) projects successfully.

Student requirements to be accepted into class:

1. Be a member of an organized fire department as recognized by BFS, member of an RTC, or an employee of BFS.
2. Must be certified at the Firefighter II level.
3. Successful completion and passing of an Instructor 1 course (you do NOT have to be a certified instructor, but you do have to show that you passed the class).
4. Access to email and internet.

Students must purchase the Jones and Bartlett (J&B), Fire Officer: Principles and Practice, 4th Edition with a valid Navigate 2 "Premier" access code can be purchased from the Michigan State Firemen's Association by calling (800) 445-3844 or other J&B Book sources. Every student must have the textbook with the NAVIGATE 2 "Premier" access code.

Cost: Free (Books are not included and students are responsible for the purchase cost)
