NFPA 1041 Fire Instructor I

This NFPA 1041 Fire Instructor I course minimally meets all objectives and JPR's in the 2019 edition of NFPA 1041. The textbook used for the current NFPA 1041 Fire Instructor I course is the **Jones & Bartlett Fire and Emergency Services Instructor 3rd Edition** and instructors, and students will use the J&B Navigate online learning platform during the 40 hours course. Significant student preparation and homework completion is required prior to the first day of class. This course includes the instructor orientation segment which is to be taught by a MFFTC Training Coordinator on day 4 after the written exam is administered. **The course is limited to 16 students per course.**

Dates/Times: September 5, 6, 7, and 20, 21 of 2025. 0800-1700

Location: Rogers City Fire Department

504 W Park Dr. Rogers City, MI 49779

Instructors: Doug Keogh and Jim Stachlewitz

Cost: Students are responsible for acquiring their own textbook either through Jones and Bartlett, or Michigan State Firemen's Association by calling (800)445-3844.

Prerequisites: Must have Firefighter II Certification, and minimum of three years of being on an organized Michigan Fire Department.

If you are interested in attending this course, please contact the course manager Doug Keogh at douglaskeogh15@gmail.com or (906)259-2909. All requests will be verified for the requirements and SMOKE registration will occur by the course manager if accepted into the course. You will be notified by the course manager if accepted or not into the course, no less than 28 days prior to the start of the course.
