FREQUENTLY ASKED QUESTIONS

1. **How long is the electrology license valid?**

   Electrology licenses are valid for 2 years.

2. **How will I know when to renew? Can I renew my license early?**

   You will be sent a renewal notification to both your mailing and email address on record approximately 90 days prior to the expiration date of your license. You will not be able to renew before that time. Remember to notify the Department of any address change by submitting a MiPLUS modification. It is your responsibility as a licensed professional to renew your license on time. Failure to receive the renewal postcard, email notification, or to notify the Department of an address change does not exempt you from renewing your license on time.

   You can renew online by logging into your MiPLUS account at www.michigan.gov/MiPLUS. You may pay your renewal fee by using a debit or credit card containing a Visa, MasterCard, American Express, or Discover logo.

3. **How long will you keep my licensure application on file?**

   Your application and fee are valid for one year. If you fail to meet the licensure requirements within that time period, your application and fees are no longer valid.

4. **How can I contact PSI to get more information regarding my exam, registering for my exam, or to schedule my exam?**

   The testing vendor, PSI can be reached by telephone at 855-579-4635. You can visit their website at www.psiexams.com for information on registering and scheduling your exam. You can also download the Candidate Information Bulletin from the PSI website which contains valuable detailed examination information.

5. I have been approved by the Michigan Board of Cosmetology to test and my exam registration form was sent to PSI. Why am I not being allowed to schedule my exam with PSI?

If this is a first-time registration, the exam registration form must be emailed (preferred method) or mailed to PSI and allow 2 weeks for processing of the initial application by PSI. PSI will not allow you to schedule your exam until their application processing is complete even though you have received approval by the Michigan Board of Cosmetology to test.

6. What content will be covered on my examination? Are there study materials available?

The Candidate Information Bulletins (CIB) on PSI's website contains an exam content outline. The Board of Cosmetology does not offer or endorse any specific study materials, but you are encouraged to utilize the CIB and other resources available to you on the PSI website.

7. What is the timeframe to pass both the practical and theory exams?

Passing scores on both the practical and theory exam must be obtained within 1 year of each other.
