**RULES DISCUSSION – A copy of the current rules is attached to this document.**

Marks explained the rules promulgation process and timeline. Marks informed the attendees about the differences between administrative rules and statute.

**R 338.2101 Definitions.**

Marks stated the proposed change was as follows.

(d) "Blade" means a flat or curved implement including implements commonly referred to as callus shavers, graters, credo blades, **scalpel**, or another tool intended to cut **skin**, shave **skin**, or **otherwise** remove skin or skin growths from anywhere on a patron's body.

The committee agreed to the proposed changes.

**R 338.2127(9) Establishment or school; permanent, physical business address; change of ownership or location; closure; student's or apprentice's records; branch facility license.**

Marks stated that a comment was made that this rule was intended to permit current branch campuses to continue operation in more than 1 location.

The committee disagreed that changes were needed to this rule as R 338.2127(8) clearly states that the branch facility license becomes void when it expires, and a school must obtain a cosmetology license to operate.

The committee agreed to leave the rule as written.

**R 338.2131 Substitution of hours for credits earned in Michigan-licensed barber college; substantially similar criteria and determination; notice to department.**

Marks stated that a comment was received requesting modifications to the number of credits that may be applied to satisfy the cosmetology curriculum requirements.

The committee disagreed that changes were needed as R 338.2138(5) permits substantially equivalent hours to be accepted and MCL 339.12005(6) controls the substitution of hours earned in a Michigan barbering college.

The committee agreed to leave the rule as written.

**R 338.3132 School owner's duty concerning equipment requirements; school equipment requirements.**

Marks stated a comment was received stating that the 6' barrier requirement would make complying with the other requirements in this rule difficult or impossible to meet.

Marks stated the proposed change is as follows.

R 338.2132 School owner's duty concerning equipment requirements; school equipment requirements.

Rule 32. (1) The owner of a school shall ensure that the school complies with the requirements of subrule (2) of this rule.

(2) A school shall satisfy the requirements of section 1205(2) of the code, MCL 339.1205, and have all of the following items:

- (a) Seating facilities for patrons.
- (b) An adequate number of chairs and adequate desk space to meet the needs of each student attending.

(c) A shampoo bowl installed in a classroom other than the main clinic classroom, unless a limited school of electrology, as permitted by section 1205(4) of the code, MCL 339.1205.

(d) An adequate amount of equipment, supplies, and tools necessary for providing the theory hour and practical training offered on the premises.

~~(e) A physical barrier, moveable or non-moveable, of not less than 6 feet in height, separating theory classrooms from any area where practical training or patron services are currently being performed.~~

The committee agreed with the proposed changes.

### **R 338.2169a Cosmetologist, esthetician, electrologist, manicurist, and natural hair culturist curriculum.**

#### **TABLE 11-14**

Marks presented a brief review of the comments reviewed at the May meeting.

The committee agreed to leave rule as written.

Marks stated a comment was received stating that the rules needed requirements for “field trips” to be counted as hours earned toward curriculum requirements.

The committee previously disagreed that that additional rules were needed as the core curriculum requirements, instructor requirements, and hours needed in each category of the curriculum were provided.

The committee agreed to leave rule as written.

### **R 338.2171a Disinfecting and sterilizing requirements; non-electrical and electrical tools; towels, capes, and neck strips; chairs, headrests, tables, and beds; pedicuring basins, tubs, or footbaths; shampoo bowls, dusters, and brushes; laundering reusable towels, capes, and neck strips.**

At the last meeting, the committee reviewed a comment suggesting that a procedure for cleaning cosmetic pencils should be added. At that meeting, the committee recommended adding that rule. The subcommittee reviewed the following language to add that to the rules:

#### **This is the proposed change:**

**(10) A licensee, student, or apprentice shall clean a cosmetic pencil after each use in the following sequential manner:**

**(a) Sharpen the cosmetic pencil using a disinfected cosmetic pencil sharpener that has been cleaned in the following manner:**

**(i) Remove all visible debris.**

**(ii) Immerse in a wet sanitizer for not less than 10 minutes or the period recommended by the manufacturer of the disinfectant.**

**(b) Wipe the tip of the cosmetic pencil using a 70% alcohol solution.**

The committee agreed with the procedures outline and making the proposed changes.

**R 338.2179g Licensee, student, apprentice; prohibitions.**

These are the proposed changes that were discussed at last meeting:

(f) ~~Use~~ **Reuse tools, implements, or supplies for applying makeup, such as a makeup brush or cosmetic pencil, unless it has been cleaned as required under R 338.2171a** ~~the same powder puffs, makeup brushes, or cosmetic pencils on more than 1 patron. Reuse . . . until sanitized.~~

(h) Use a blade to cut **skin**, shave **skin**, or **otherwise** remove any layer of the skin or skin growths from anywhere on a patron's body.

(i) Possess a blade that is used for or is intended to cut **skin**, shave **skin**, or **otherwise** remove any layer of the skin or skin growths from anywhere on a patron's body.

**(p) Diagnose or treat any human physical or medical disease, ailment, or defect, complaint, or other physical or medical condition.**

**(s) Use** ~~use~~ any color, tint, or chemical preparation on the eyelashes or eyebrows of a patron that is not specifically intended for that use.

The committee agreed to the proposed changes.

**New Comments concerning R 338.2179g:**

Comment to (1)(h)(i): Commenter stated that if a barber can use a blade than a cosmetologist should be able to use one.

Dena stated that the Barbers are not permitted to use a blade to remove skin, and that's what's being prohibited in the cosmetology rule.

No change needed to rule.

Marks presented the comment listed below.

Comment to (1)(j): The commenter stated that services under delegation should not be prohibited. Services currently performed under delegation should be permitted to continue. Only Botox injections should be viewed as medical procedures.

Marks stated that all services listed are outside of the scope of practice of skin care services as currently defined statute. The committee disagreed that R 338.2179g(1)(j)

should be amended to permit medical services being performed under the delegation of a doctor to be provided in a cosmetology establishment or school of cosmetology because the Bureau of Professional Licensing licenses a cosmetology establishments and schools, and enforces the sanitary standards for those entities, as established by the bureau and the board pursuant to MCL 339.1203(1). Neither the bureau nor the board can establish or ensure that the necessary sanitary standards for performing medical procedures are in place within a cosmetology establishment or school, so those services must not be performed in these places to protect public health, safety, and welfare.

The committee agreed to leave the rule as written.

Marks presented the comment listed below.

Comment to (1)(m)(n): The commenter stated that stratum corneum needed clarification.

Marks stated that this skin layer is sufficiently defined during a licensee's skin care curriculum.

The committee agreed to leave the rule as written.

Marks presented the comment listed below.

Comment: (1)(o): The commenter stated that "words device, apparatus, appliance, product" should be removed and products may abrade or absorb and prohibit use of cleansing products and moisturizers.

Marks stated that the committee disagreed that R 338.2179g(1)(o) should be amended to remove the prohibition because the prohibition is consistent with the statutory scope of practice when providing skin care services, and the prohibition ensure that the scope of practice is not exceeded. The committee disagreed that R 338.2179g(1)(o) should be amended to remove the words "abrade" and "resurface" because the rule's effect on abrading and resurfacing is limited only to those skin layers below the stratum corneum.

The committee agreed to leave the rule as written.

Marks presented the comment listed below.

Comment to (1)(p): The commenter stated that dry skin could be seen as an "ailment" and voiced as a "complaint." The commenter stated that the words "or treat" should be removed.

Marks stated that this is the statutory definition of the practice of medicine, but to clarify that skin care includes moisturizing the skin, the rule has been amended as described earlier.

The committee agreed to leave the rule as written in the previously discussed change.

Marks presented the comment listed below.

Comment to (1)(r): The commenter stated that clarification was needed in this prohibition as licensees are interpreting the prohibition as expanding “skin care” services” to include coloring, tinting, or using a chemical preparation on the eyelashes and eyebrows. Similarly, a commenter asked if the rule permitted estheticians to continue providing eyelash lifts and tints.

Marks stated that the prohibitions in R 338.2179g apply to all licensees—not just estheticians. Nothing in this rule can expand a licensee’s scope of practice as defined in the statute. So, no changes to the rule are needed to define which licensees may perform such services. Each licensee can find his or her scope of practice in the applicable statute.

- MCL 339.1201(k) states: "Hair care services" means arranging, cutting, dressing, curling, waving, cleansing, singeing, bleaching, coloring, tinting, trimming, styling, relaxing, perming, straightening, or similar work upon the hair of the head or a wig that an individual is wearing, so a licensee must be licensed to perform hair care services to color, tint, or perform similar work on a patron’s hair.
- MCL 339.1201(u) states: “Skin care services” means:
  - (i) Beautifying the skin of the body of an individual by the use of cosmetic preparations, antiseptics, tonics, lotions, or creams, including body wrapping.
  - (ii) Cleansing or stimulating the skin of the body by the use of the hands, devices, apparatus, or appliances, with or without the use of cosmetic preparations, antiseptics, tonics, lotions, or creams.
  - (iii) The temporary removal of hair from the body of an individual by the use of depilatories, waxes, razors, scissors, clippers, or tweezers.
  - (iv) Giving facials, applying removable makeup, applying eyelashes, or any other application of a preparation or beauty enhancement to the body of an individual but does not include applying permanent makeup or the use of tanning equipment.

Marks stated that no change was needed to the rule because rules cannot change a licensee’s scope of practice—only a change in statute can do that.

The committee agreed to leave the rule as written.
