**1999/2000 Promulgated Rules**

**Chiropractic**

***R 338.12002***

Eliminates a deadline date for an application by examination.

***R 338.12003***

Sets forth the examination requirement for applications filed on or after January 2, 2001.

***R 338.12004***

Sets forth the requirements for licensure by endorsement.

***R 338.12005***

Approves and adopts the National Board of Chiropractic Examiners, parts I, II and III.

***R 338.12006***

Updates the adoption of the most current accreditation standards for chiropractic educational programs.

***R 338.12007***

Rescinds the rule on temporary licenses.

***R 338.12008***

Updates the rules concerning license renewal and relicensure.

***R 338.12008A***

Updates and revises the rules on continuing education and approval of programs.

**Medicine**

***R 338.2304***

Establishes the requirements for a physician to delegate the prescribing of controlled substances to physician's assistants.

***R 338.2305***

Establishes the requirements for a physician to delegate the prescribing of controlled substances to nurse practitioners or nurse midwives.

**Nursing**

***R 338.10701***

Amends definitions to include Nurse Professional Fund.

***R 338.10702***

Establishes the Nurse Scholarship Fund and sets forth Board's determination of categories, areas of need and the application process.

***R 338.10703***

Sets forth eligibility requirements for nursing programs.

***R 338.10704***

Establishes the requirements for schools to award scholarships to students.

***R 338.10705***

Sets forth a hearing provision for ineligible schools.

**Osteopathic Medicine**

***R 338.108a***

Establishes the requirements for an osteopathic physician to delegate the prescribing of controlled substances to physician's assistants.

***R 338.108b***

Establishes the requirements for an osteopathic physician to delegate the prescribing of controlled substances to nurse practitioners or nurse midwives.

**Pharmacy**

***R 338.479b***

Revises the number of drug orders on a handwritten form to 4 and allows not more than 6 orders on a computer-generated form. Prescribers must clearly indicate the total number of drugs prescribed on each prescription.

## Licensing Program

### Application Section

The Application Section of the Licensing Division has two units. The Application Processing Unit receives and reviews applications for licensure and/or registration of health professionals. The 18,404 applications received during this fiscal year were reviewed along with supporting documentation to determine an applicant's eligibility for examination and/or licensure.

The Application Support Unit fills requests for applications and copies of laws and rules. This unit sent out 31,701 applications during this fiscal year.

### Board Support Section

The Board Support Section is responsible for providing administrative support to the 19 health professional boards/committees/task forces within the Bureau of Health Services. Some of the duties include scheduling meeting dates and locations, preparing and mailing agenda materials to the board members prior to each meeting, and taking and transcribing minutes for each meeting.

In addition to the above, the following functions are also handled by this section:

- Order all forms and instructions
- Update administrative rule books as required
- Respond to Freedom of Information Act (FOIA) requests for copies of licensing files
- Microfilm all licensure/registration file updates

During FY 1999/2000, 310 FOIA requests were processed through this section.

### Education, Testing & Credentials Section

The Education, Testing and Credentials Section (ETC) is responsible for the following functions:

- Review and approval of educational or training programs for the Board of Nursing and the Emergency Medical Services program
- Development and administration of examinations used in the licensure/registration process either by ETC or through contractual arrangements with national testing agencies
- Preparation of written license verifications
- Administration of the federally mandated Nurse Aide registration program including training trainers of nurse aides, training program review and approval, review of individual requests for exemption from training requirements, and contractual administration of the testing program and registry database for approximately 94,000 nurse aides
- Review and approval of continuing education programs for the Emergency Medical Services program and the Boards of Chiropractic, Dentistry, Medicine, Nursing, Optometry, Osteopathic Medicine and Surgery, Pharmacy and Podiatric Medicine and Surgery
- Processing of random audits of licensees for compliance with continuing education requirements

**Program Operations Section**

The Program Operations Section is responsible for the following functions:

- Schedules applicants for examinations given for licensure or registration
- Processes all license renewals
- Maintains the data base with name and address changes and license level
- Issues all health professional licenses and registrations
- Enters all applications onto Batman Tracking System

Duplicate Licenses Issued: 3,085

### Advisory Committee on Pain And Symptom Management

The Advisory Committee on Pain and Symptom Management was established by Public Act 421 through 426 of 1998, with an effective date of April 1, 1999. The Advisory Committee was established through chronic pain legislation designed to enhance the quality of care for pain and symptom management for Michigan citizens while reducing and removing roadblocks. The Committee is composed of a wide range of health care practitioners, along with representation from the general public and a chronic pain sufferer. The Committee is charged with identifying citizen issues and making recommendations on model core curricula for health professionals, providing consumers with information regarding treatment of intractable pain, and developing and publishing a brochure on intractable pain.

The Advisory Committee held a public hearing on June 20, 2000, to seek testimony and information from chronic pain sufferers and their families concerning their experiences in the treatment of pain.

The Committee consists of 15 voting members:

Lindsay II, Thomas C., Chairperson  
Dept. of Consumer & Industry Services

Beckmeyer III, Henry E., D.O.  
East Lansing

Dobritt, Dennis W., D.O.  
Bloomfield Hills

Ellenberg, Maury R., M.D.  
Detroit

Felt, J. Kay, J.D.  
Detroit

Golembiewski, Julie A., Pharm.D.  
Ann Arbor

Hamel, Robert, P.A.  
Ann Arbor

Haveman, Jr., James, Director  
Dept. of Community Health

Jacox, Ada, R.N., Ph.D.  
Detroit

Jeffers, Gary E., D.M.D.  
Northville

Kinsora, Valerie  
Lansing

Lanzisera, Philip J., Ph.D.  
Detroit

Giovanni Monge, Sister Mary, R.N.  
Livonia

Mullin, Vildan, M.D.  
Ann Arbor

Ogle, Karen, M.D.  
East Lansing

Rose, Susan, D.O.  
Brighton

VandeKieft, Gregg K., M.D.  
East Lansing

Wiener, Steven M., M.D.  
West Bloomfield

### Task Force on Internet Pharmacies and Prescribing

The Task Force on Internet Pharmacies and Prescribing was established by Director Kathleen M. Wilbur in January 2000. The Task Force was charged with reviewing current law and rules potentially affecting internet prescribing and health care; discussing security and privacy issues; and reviewing activities and regulations of other states.

The Task Force issued a draft document in August 2000 and held a public hearing on September 20, 2000, to seek input on the document.

The Task Force consists of 16 members:

Lindsay II, Thomas C., Chairperson  
Dept. of Consumer & Industry Services

Coley, Deborah, R.N., M.S.  
Ann Arbor

Difiore, Martin  
DaimlerChrysler, Auburn Hills

Isaacs, Carol, J.D., Deputy Director  
Dept. of Community Health

Kirman, Cynthia, Pharm.D.  
General Motors, Detroit

Lekas, Nicholas, M.D.  
Dearborn

Meyer, Larry, Chief Executive Officer  
Michigan Retailers Association

Miller, Douglas, R.Ph.  
Board of Pharmacy

Moiles, Joan  
Insurance Bureau  
Dept. of Consumer & Industry Services

Rhule, Ronald, D.O.  
Board of Osteopathic Medicine and Surgery

Sauer, Harold, M.D.  
Lansing

Sawabini, George, D.O.  
Plymouth

Swanson, Rita, Pharm.D.  
Department of Management and Budget

Talamonti, Walter, M.D.  
Ford Motor Corporation, Dearborn

Wagenknecht, Larry, R.Ph.  
Michigan Pharmacists Association

Warren, Duane, Pharm.D.  
Michigan Hospice & Palliative  
Care Organization

**Controlled Substances  
Advisory Commission**

The Controlled Substances Advisory Commission was established by Public Act 60 of 1988, to monitor indicators of controlled substance abuse and diversion and to recommend actions to address diversion and to recommend actions to address identified problems of abuse and diversion. The Commission consists of 13 voting members and 7 ex-officio members.

January 5, 2000

April 26, 2000

July 26, 2000

**OFFICIAL PRESCRIPTION PROGRAM**

The Controlled Substances Advisory Commission (CSAC) continued their emphasis to cultivate greater understanding of the Official Prescription Program (OPP).

A patient feedback form was distributed by the CSAC. The comments received from patients and caregivers indicate their main concerns are cost of the schedule 2 drugs used in pain management and the lack of availability of the drugs at all pharmacies.

The CSAC continued its emphasis on greater understanding of the OPP by giving numerous educational presentations to professional groups. The presentations covered the type of data collected, length of time data is stored, how the data is evaluated and used, and the extent of the use of the data in disciplinary proceedings against health professionals. The presentation also covers why the program came into existence and the effectiveness of the OPP.

The CSAC reviewed the data for 1998. The 1998 data shows declines in the number of prescriptions issued for meperidine and dextroamphetamine and a slight increase for hydromorphone prescriptions. Oxycodone prescription numbers rose from 1997. Further evaluation of the oxycodone prescriptions shows the increase in prescriptions for oxycodone is due to the single entity oxycodone product.

The 1998 data shows increases for morphine and fentanyl prescriptions. The data showed a 77% increase in the number of prescriptions for amphetamines from 1997. Amphetamine and dextroamphetamine combined account for approximately 30% of the prescriptions submitted to the program in 1998.

The monthly average of official prescription forms utilized in 1998 continued to increase, averaging approximately 32,900 per month.

The 1998 data does not include methylphenidate which was removed from the requirement to be on the official form in 1994.

Stephanie Crawford, Ph.D., presented an overview on her research project entitled *Prescription Monitoring: Physician Attitudes and Patterns*. Dr. Crawford is utilizing the OPP data in this project.

**Health Professional  
Recovery Committee**

The Health Professional Recovery Committee (HPRC) was created by Public Act 80 of 1993, effective April 1, 1994. Section 333.16167 describes the Committee's duties as follows:

Sec. 16167. The committee shall do all of the following:

(a) Establish the general components of the health professional recovery program and a mechanism for monitoring health professionals who may be impaired.

(b) Subject to sections 16169 and 16170 and in conjunction with the health professional recovery program consultants described in section 16168, develop and implement criteria for the identification, assessment, and treatment of health professionals who may be impaired.

(c) In conjunction with the health professional recovery program consultants described in section 16168, develop and implement mechanisms for the evaluation of continuing care or aftercare plans for health professionals who may be impaired.

(d) Develop a mechanism and criteria for the referral of a health professional who may be impaired to a professional association when appropriate for the purpose of providing assistance to the health professional. In developing criteria under this subdivision, the committee shall require that a referral be made only with the consent of the health professional.

(e) Annually report to each board and the physician's assistants task force created under this article on the status of the health professional recovery program. The committee shall include in the report, at a minimum, statistical information on the level of participation in the program of each health profession. The committee may include in the report recommendations for changes in the health professional recovery program and for participation by the boards and the physician's assistants task force, professional associations, substance abuse treatment and prevention programs, and other appropriate agencies.®

The health profession boards and the Director of the Department of Consumer & Industry Services appoint members in accordance with section 16165 of the Michigan Public Health Code.

### Accomplishments

Accomplishments this year include:

- ▶ Over 70 educational presentations on the HPRP to various organizations.
- ▶ Development of a 30 minute video that is designed to promote the HPRP. The video tells the story of several health care professionals who have had these problems and how the HPRP has helped them.
- ▶ Ongoing development of a researchable database for case management and statistical reporting.
- ▶ Reports to the licensing boards on the HPRP.

### Michigan Board of Chiropractic

The Michigan Board of Chiropractic was originally formed with the enactment of Public Act 145 of 1933. On September 30, 1978, this authority was transferred to the Public Health Code, Public Act 368 of 1978, as amended.

The practice of chiropractic as defined in the Public Health Code means that discipline within the health arts which deals with the nervous system and its relationship to the spinal column and its inter-relationship with other body systems.

The Public Health Code mandates certain responsibilities and duties for a health professional licensing board. Underlying all duties is the responsibility of the board to promote and protect the public's health, safety, and welfare. This responsibility is implemented by the Board by ascertaining minimal entry level competency of health practitioners and verifying continuing education during licensure. The Board also has the obligation to take disciplinary action against licensees who have adversely affected the public's health, safety, and welfare.

The Michigan Board of Chiropractic consists of 9 voting members: 5 chiropractors and 4 public members.

### Michigan Board of Counseling

Public Act 421 of 1988, amended the Public Health Code, Public Act 368 of 1978, as amended, creating the Michigan Board of Counseling.

The Public Health Code defines the practice of counseling to mean the rendering to individuals, groups, families, organizations, or the general public a service involving the application of clinical counseling principles, methods, or procedures for the purpose of achieving social, personal, career, and emotional development and with the goal of promoting and enhancing healthy, self actualizing and satisfying lifestyles whether the services are rendered in an educational, business, health, private practice, or human services setting.

The Public Health Code mandates certain responsibilities and duties for a health professional licensing board. Underlying all duties is the responsibility of the Board to promote and protect the public's health, safety, and welfare. This responsibility is implemented by ascertaining minimal entry level competency of health practitioners. The Board also has the obligation to take disciplinary action against licensees who have adversely affected the public's health, safety and welfare.

The Michigan Board of Counseling consists of 11 voting members: 6 counselors, 1 mental health professional and 4 public members.

Board Member	Term Expires

### Michigan Board of Dentistry

The Michigan Board of Dentistry was originally formed with the enactment of Public Act 122 of 1919. This Act regulated the practice of dentistry and dental hygiene in the State of Michigan, including providing for examination, licensing and regulation of persons practicing dentistry and dental hygiene; authorizing dental assistants; and providing for the discipline of offenders against the Act.

On September 30, 1978, this authority was transferred to the Public Health Code, Public Act 368 of 1978, as amended, and included certification of specialists in the fields of orthodontics, endodontics, prosthodontics, pediatric dentistry, periodontics, oral and maxillofacial surgery, and oral pathology.

The practice of dentistry, as defined by the Public Health Code, means the diagnosis, treatment, prescription, or operation for a disease, pain, deformity, injury, or physical condition of the human tooth, teeth, alveolar process, gums or jaws, or their dependent tissues, or an offer, undertaking, attempt to do, or holding oneself out as able to do any of these acts.

The practice of dental hygiene, as defined by the Public Health Code, means practice at the assignment of a dentist in that specific area of dentistry based on specialized knowledge, formal education, and skill with particular emphasis on preventive services and oral health education.

Practice as a dental assistant, as defined by the Public Health Code, means assistance in the clinical practice of dentistry based on formal education, specialized knowledge, and skill at the assignment and under the supervision of a dentist.

The Public Health Code mandates certain responsibilities and duties for a health professional licensing board. Underlying all

duties, is the responsibility of the Board to promote and protect the public's health, safety, and welfare. This responsibility is implemented by the Board of Dentistry by ascertaining minimal entry level competency of health practitioners. The Board also has the obligation to take disciplinary action against licensees who have adversely affected the public's health, safety, and welfare.

The Michigan Board of Dentistry consists of 15 voting members: 7 dentists, 2 dentists who have been issued a health profession specialty certification, 2 dental hygienists, 2 registered dental assistants, and 2 public members.

**Emergency Medical Services  
Coordinating Committee**

The licensing of emergency medical services (EMS) personnel was transferred to the Bureau of Health Services in February 2000. Public Act 368 of 1978, as amended, the Public Health Code, Article 17, Part 209, provides the authority for licensing Medical First Responders, Emergency Medical Technicians, Paramedics, and Instructor/Coordinators.

Emergency medical services, as defined in the Public Health Code, means the emergency medical services personnel, ambulances, nontransport prehospital life support vehicles, aircraft transport vehicles, medical first response vehicles, and equipment required for transport or treatment of an individual requiring medical first response life support, basic life support, limited advance life support, or advanced life support.

The Emergency Medical Services Coordinating Committee serves as the advisory body to the Department for the purpose of reviewing protocols submitted to the Department for approval and consists of 25 members.

**Michigan Board of  
Marriage and Family Therapy**

The Michigan Board of Marriage and Family Therapy was created under Article 15 of Public Act 299 of 1980, as amended, the Occupational Code, to license and regulate the practice of marriage and family therapy in Michigan. Public Act 126 of 1995 transferred the authority of the Board of Marriage and Family Therapy to the Public Health Code, Public Act 368 of 1978, as amended.

Part 169 defines the practice of marriage and family therapy as the providing of guidance, testing, discussions, therapy, instruction, or advice that is intended to avoid, eliminate, relieve, manage or resolve marital or family conflict or discord, to create, improve, or restore marital or family harmony, or to prepare couples for marriage.

The Public Health Code mandates certain responsibilities and duties for a health professional licensing board. Underlying all duties is the responsibility of the Board to promote and protect the public's health, safety, and welfare. This responsibility is implemented by ascertaining minimal entry level competency of health practitioners. The Board also has the obligation to take disciplinary action against licensees who have adversely affected the public's health, safety and welfare.

The Michigan Board of Marriage and Family Therapy consists of 9 voting members: 6 marriage and family therapists and 3 public members.

**Michigan Board of Medicine**

The Michigan Board of Medicine was originally formed with the enactment of Public Act 237 of 1899. This act provided for the examination, regulation, licensing and registration of physicians and surgeons in the State of Michigan, and for the discipline of offenders against the Act. On January 8, 1974, a new Medical Practice Act, Public Act 185 of 1973, became effective. This Act continued in effect until September 30, 1978, when the Board's authority was transferred to the Public Health Code, Public Act 368 of 1978, as amended.

The practice of medicine, as defined in the Public Health Code, means the diagnosis, treatment, prevention, cure or relieving of a human disease, ailment, defect, complaint, or other physical or mental condition, by attendance, advice, device, diagnostic test, or other means, or offering, undertaking, attempting to do, or holding oneself out as able to do, any of these acts.

The Public Health Code mandates certain responsibilities and duties for a health professional licensing board. Underlying all duties is the responsibility of the board to promote and protect the public's health, safety, and welfare. This responsibility is implemented by the Board by ascertaining minimal entry level competency of medical doctors, and requiring continuing medical education during licensure. The Board also has the obligation to take disciplinary action against licensees who have violated the Michigan Public Health Code.

The Michigan Board of Medicine consists of 19 voting members: 10 medical doctors, 1 physician's assistant, and 8 public members.

<b>Board Members</b>	<b>Term Expires</b>
McNamee, Kenneth, M.D., Chair Monroe	12/31/03

### Michigan Board of Nursing

The Michigan Board of Nursing was originally created with the enactment of the Nurse Practice Act, Public Act 319 of 1909, and authority was transferred to the "Nursing Practice Act of 1967" by Public Act 149 of 1967. On September 30, 1978, authority was again transferred to the Public Health Code, Public Act 368 of 1978, as amended.

The Michigan Public Health Code defines the practice of nursing in Michigan and empowers the Board to establish qualifications for nurse licensure; to establish standards for education and approve nurse education programs; develop and implement criteria for assurance of continued competency; and take disciplinary action against licensees when the health, safety, and welfare of the public has been adversely affected.

The Public Health Code establishes the Board of Nursing to consist of 23 members: 9 registered nurses (RNs), 1 nurse midwife, 1 nurse anesthetist, 1 nurse practitioner, 3 licensed practical nurses (LPNs), and 8 public members. Of the 9 registered nurses: 3 must have a master's degree with a major in nursing and be engaged in nursing education, 1 in less than a baccalaureate program; 1 in a baccalaureate or higher program and 1 in a licensed practical nurse program; 3 must have a baccalaureate degree in nursing and be engaged in nursing practice or nursing administration; and 3 must be non-baccalaureate registered nurses engaged in nursing practice or nursing administration. The 3 licensed practical nurses must have graduated from a state-approved program of practical nurse education.

The enactment of the Public Health Code permitted LPN board members to act upon all matters except those that relate to standards for the education and training of RNs.

Decisions on such matters are concurred in solely by a majority of the RN and public board members.

During this fiscal year, the Board met to grant licenses, mete out disciplinary sanctions, review and approve nurse education programs, and to carry out all other mandates of the Code relating to the licensing and regulating of RNs and LPNs.

Board Member	Term Expires

**Michigan Board of  
Occupational Therapists**

Public Act 473 of 1988 amended the Public Health Code, Public Act 368 of 1978, creating the Michigan Board of Occupational Therapists.

The Public Health Code mandates certain responsibilities and duties for a health professional registration board. Underlying all duties is the responsibility of the Board to promote and protect the public's health, safety, and welfare. This responsibility is implemented by ascertaining minimal entry level competency of occupational therapists and occupational therapy assistants. The Board also has the obligation to take disciplinary action against registrants who have adversely affected the public's health, safety, and welfare.

The Michigan Board of Occupational Therapists consists of 9 voting members: 5 occupational therapists and 4 public members.

**Michigan Board of Optometry**

The Michigan Board of Optometry was originally formed with the enactment of Public Act 71 of 1909. On September 30, 1978, this authority was transferred to the Public Health Code, Public Act 368 of 1978, as amended.

On March 26, 1984, the Governor signed Public Act 42, which allowed optometrists to be certified to administer topical ocular diagnostic pharmaceutical agents to the anterior segment of the human eye. Rules allowing the board to certify optometrists as diagnostic agents were promulgated on July 13, 1985

The Public Health Code mandates certain responsibilities and duties for a health professional licensing board. Underlying all duties is the responsibility of the board to promote and protect the public's health, safety, and welfare. This responsibility is implemented by the Board by ascertaining minimal entry level competency of health practitioners and verifying continuing education during licensure. The Board also has the obligation to take disciplinary action against licensees who have adversely affected the public's health, safety, and welfare.

The Board of Optometry consists of 9 voting members: 5 optometrists and 4 public members.

**Michigan Board of Osteopathic  
Medicine and Surgery**

The Michigan Board of Osteopathic Medicine and Surgery was originally formed with the enactment of Public Act 162 of 1903. This Act regulated the practice of osteopathic medicine and surgery in the State of Michigan; provided for the examination, licensing and registration of osteopathic physicians and surgeons; and provided for the discipline of offenders against the Act. On September 30, 1978, this authority was transferred to the Public Health Code, Public Act 368 of 1978, as amended.

The practice of osteopathic medicine and surgery, as defined in the Public Health Code, means a separate, complete, and independent school of medicine and surgery, utilizing full methods of diagnosis and treatment in physical and mental health and disease, including the presentation and administration of drugs and biologicals, operative surgery, obstetrics, radiological and other electromagnetic emissions, and placing special emphasis on the interrelationship of the musculoskeletal system to other body systems.

The Public Health Code mandates certain responsibilities and duties for a health professional licensing board. Underlying all duties is the responsibility of the board to promote and protect the public's health, safety, and welfare. This responsibility is implemented by the Board by ascertaining minimal entry level competency of health practitioners and verifying continuing medical education during licensure. The Board also has the obligation to take disciplinary action against licensees who have adversely affected the public's health, safety, and welfare.

The Michigan Board of Osteopathic Medicine and Surgery consists of 9 voting members: 5 osteopathic physicians, 1 physician's assistant, and 3 public members.

### Michigan Board of Pharmacy

The Michigan Board of Pharmacy was originally formed with the enactment of Public Act 134 of 1885. On March 28, 1963, the authority of the Board to regulate the practice of pharmacy and to prescribe its powers and duties; and to prescribe penalties for violations of the act, was transferred to Public Act 151 of 1962. On September 30, 1978, authority was transferred to the Public Health Code, Public Act 368 of 1978, as amended.

The Public Health Code, Public Act 368 of 1978, as amended, defines the practice of pharmacy as a health service, the clinical application of which includes the encouragement of safety and efficacy in the prescribing, dispensing, administering and use of drugs and related articles for the prevention of illness and the maintenance and management of health.

Professional functions associated with the practice of pharmacy include the interpretation and evaluation of prescriptions; drug product selection; compounding, dispensing, safe storage, and distribution of drugs and devices; maintenance of legally required records; advising the prescriber and the patient as required regarding contents, therapeutic action, utilization, and possible adverse reactions and interactions of drugs.

The Public Health Code, by section 17722, grants authority to the Board of Pharmacy to regulate, control, and inspect the character and standards of pharmacy practice and of drugs manufactured, distributed, prescribed, dispensed, and administered or issued in this State and procure samples, and limit or prevent the sale of drugs that do not comply with this section's provisions; prescribe minimum criteria for the use of professional and technical equipment in reference to the compounding and dispensing of drugs; grant pharmacy licenses for each separate place of practice of a dispensing prescriber who meets requirements for drug control licensing; and granting licenses

to manufacturer/ wholesaler distributors of prescription drugs. The Public Health Code mandates certain responsibilities and duties for a health professional licensing board. Underlying all duties is the responsibility of the Board to promote and protect the public's health, safety, and welfare. This responsibility is implemented by the Board by ascertaining minimal entry level competency of health practitioners and verifying continuing education during licensure. The Board also has the obligation to discipline licensees who have adversely affected the public's health, safety, and welfare.

The Michigan Board of Pharmacy consists of 11 voting members: 6 pharmacists and 5 public members.

**Michigan Board of Physical Therapy**

The Michigan Board of Physical Therapy was originally formed with the enactment of Public Act 164 of 1965. On September 30, 1978, authority was transferred to the Public Health Code by Public Act 368 of 1978, as amended. The practice of physical therapy, as defined in the Public Health Code, means: "the evaluation of treatment of an individual by the employment of effective properties of physical measures and the use of therapeutic exercises and rehabilitative physical or mental disability. It includes treatment planning, performance of tests and measurements, interpretation of referrals, instruction, consultative services, and supervision of personnel. Physical measures include massage, mobilization, heat, cold, air, light, water, electricity, and sound."

The Public Health Code mandates certain responsibilities and duties for a health professional licensing board. Underlying all duties is the responsibility of the board to promote and protect the public's health, safety, and welfare. This responsibility is implemented by the Board by ascertaining minimal entry level competency of health practitioners. The Board also has the obligation to take disciplinary action against licensees who have adversely affected the public's health, safety, and welfare.

The Michigan Board of Physical Therapy consists of 9 voting members: 5 physical therapists and 4 public members.

**Michigan Task Force on  
Physician's Assistants**

The Committee on Physician's Assistants was formed with the enactment of Public Act 420 of 1976, signed by the Governor on January 9, 1977. The Act regulated the practice of physician's assistants in the State of Michigan, providing a system to determine and approve the qualifications of physician's assistants, creating a committee on physician's assistants, prescribing its powers and duties, and prescribing penalties. On September 30, 1978, this authority was transferred to the Public Health Code, Public Act 368 of 1978, as amended and became the Task Force on Physician's Assistants.

The practice as a physician's assistant, as defined in the Public Health Code, means the practice of allopathic or osteopathic medicine under the supervision of an allopathic or osteopathic physician.

The Public Health Code mandates certain responsibilities and duties for a health professional licensing board. Underlying all duties is the obligation of the Board or Task Force to promote and protect the public's health, safety, and welfare. This responsibility is implemented by the Task Force by ascertaining minimal entry level competency of health practitioners. The Task Force also has the obligation to take disciplinary action against licensees who have adversely affected the public's health, safety, and welfare.

The Task Force on Physician's Assistants consists of 9 voting members: 5 physician's assistants, 1 physician member from each of the Boards of Medicine and Osteopathic Medicine and Surgery, and 2 public members.

**Michigan Board of Podiatric  
Medicine and Surgery**

The Michigan Board of Podiatric Medicine and Surgery was originally formed with the enactment of Public Act 115 of 1915. On September 30, 1978, this authority was transferred to the Public Health Code, Public Act 368 of 1978, as amended.

The practice of podiatric medicine and surgery, as defined in the Public Health Code, means the examination, diagnosis, and treatment of abnormal nails, superficial excrescences occurring on the human hands and feet, including corns, warts, callosities, and bunions, and arch troubles or the treatment medically, surgically, mechanically, or by physiotherapy of ailments of human feet or ankles as they affect the condition of the feet. It does not include amputation of human feet, or the use or administration of anesthetics other than local.

The Public Health Code mandates certain responsibilities and duties for a health professional licensing board. Underlying all duties is the responsibility of the Board to promote and protect the public's health, safety, and welfare. This responsibility is implemented by the Board by ascertaining minimal entry level competency of health practitioners and verifying continuing education during licensure. The Board also has the obligation to take disciplinary action against licensees who have adversely affected the public's health, safety, and welfare.

The Michigan Board of Podiatric Medicine and Surgery consists of 9 voting members: 5 podiatrists and 4 public members.

### Michigan Board of Psychology

The Michigan Board of Psychology was originally formed with the enactment of Public Act 257 of 1959. On September 30, 1978, this authority was transferred to the Public Health Code, Public Act 368 of 1978, as amended.

The Public Health Code defines the practice of psychology as the rendering to individuals, groups, organizations, or the public of services involving the application of principles, methods, and procedures of understanding, predicting, and influencing behavior for the purposes of the diagnosis, assessment related to diagnosis, prevention, amelioration, or treatment of mental or emotional disorders, disabilities or behavioral adjustment problems by means of psychotherapy, counseling, behavior modification, hypnosis, biofeedback techniques, psychological tests, or other verbal or behavioral means. The practice of psychology does not include the practice of medicine such as prescribing drugs, performing surgery, or administering electro-convulsive therapy.

The Public Health Code mandates certain responsibilities and duties for a health professional licensing board. Underlying all duties is the responsibility of the board to promote and protect the public's health, safety, and welfare. The Board implements this responsibility by ascertaining minimal entry level competency of health practitioners. The Board also has the obligation to take disciplinary action against licensees who have adversely affected the public's health, safety, and welfare.

The Michigan Board of Psychology consists of 9 voting members: 5 psychologists and 4 public members.

**Sanitarian Registration**

The Michigan Board of Sanitarians was originally formed with the enactment of Public Act 174 of 1963. On September 30, 1978, this authority was transferred to the Public Health Code, Public Act 368 of 1978, as amended. Executive Order No. 1996-2, effective May 15, 1996, transferred all the statutory authority, powers, duties, functions and responsibilities of the Board of Sanitarians under Part 184 of the Public Health Code, being Sections 333.18401 et seq. of the Michigan Compiled Laws, from the Department of Commerce to the Director of the Department of Consumer & Industry Services by a Type III transfer as defined by Section 3 of Act No. 380 of the Public Acts of 1965, as amended, being Section 16.103 of the Michigan Compiled Laws. Underlying all duties is the responsibility of the Department to promote and protect the public's health, safety, and welfare. This responsibility is implemented by the Department by ascertaining minimal entry level competency of registered sanitarians. The Department also has the obligation to take disciplinary action against registrants who have adversely affected the public's health, safety, and welfare.

Sanitarian means an individual who has specialized education and experience in the physical, biological and sanitary sciences as applied to the educational, investigational and technical duties in the field of environmental health.

**Michigan Board of Social Work**

The Michigan Board of Examiners of Social Workers was created under Article 16 of Public Act 299 of 1980, as amended, the Occupational Code, to register social workers in Michigan. Public Act 11 of 2000 transferred the Board of Social Work, and its authority, to the Public Health Code, Public Act 368 of 1978, as amended.

Social work is defined as the professional application of social work values, principles, and techniques to counseling or to helping an individual, family, group, or community enhance or restore the capacity for social functioning and/or provide, obtain, or improve tangible social and health services.

The Public Health Code mandates certain responsibilities and duties for a health professional licensing board. Underlying all duties is the responsibility of the board to promote and protect the public's health, safety, and welfare. The Board implements this responsibility by ascertaining minimal entry level competency of health practitioners. The Board also has the obligation to take disciplinary action against licensees who have adversely affected the public's health, safety, and welfare.

The Michigan Board of Social Work consists of 9 voting members: 4 certified social workers, 2 social workers and 3 public members.

**Michigan Board of  
Veterinary Medicine**

The Michigan Board of Veterinary Medicine was originally formed with the enactment of Public Act 156 of 1956. On September 30, 1978, this authority was transferred to the Public Health Code, Public Act 368 of 1978, as amended.

The practice of veterinary medicine, as defined in the Public Health Code, means prescribing or administering a drug, medicine, treatment or method of procedure; performing an operation or manipulation; applying an apparatus or appliance; or giving an instruction or demonstration designed to alter an animal from its normal condition; curing, ameliorating, correcting, reducing, or modifying a disease, deformity, defect, wound, or injury in or to an animal; diagnosing or prognosing, or both, a disease, deformity or defect in an animal by a test, procedure, manipulation, technique, autopsy, biopsy, or other examination.

The Public Health Code mandates certain responsibilities and duties for a health professional licensing board. Underlying all duties is the responsibility of the Board to promote and protect the public's health, safety, and welfare. This responsibility is implemented by the Board by ascertaining minimal entry level competency of health practitioners. The Board also has the obligation to take disciplinary action against licensees who have adversely affected the public's health, safety, and welfare.

The Michigan Board of Veterinary Medicine consists of 9 voting members: 5 veterinarians, 1 veterinarian technician, and 3 public members.
