

## **Summer Safety**

(Water splashing and children playing / music)

There's nothing like a Michigan summer. Whether enjoying one of our many summer festivals, a gathering on a lake, or a trip to wine country, Michigan has thousands of licensed establishments to help prepare and even host your next summertime celebration. So have fun, but know your limits and the limits of your guests. Have a designated driver available when necessary. Live, work, and play safe this summer.

A public service message from the Michigan Liquor Control Commission.
