Brandy Manufacturer Licensing Requirements & General Information

A Brandy Manufacturer license, as defined by MCL 436.1105(13), is issued by the Michigan Liquor Control Commission to a Wine Maker or Small Wine Maker licensee located in Michigan to manufacture brandy, to sell the brandy to the Commission for the sale and distribution through Authorized Distribution Agents (ADAs) to retailer licensees, and to sell the brandy to customers for consumption on or off the premises at a tasting room located on its manufacturing premises where it also holds an On-Premises Tasting Room Permit. A Brandy Manufacturer licensee may also sell brandy it manufactures at an approved tasting room off the manufacturing premises under an Off-Premises Tasting Room License or Joint Off-Premises Tasting Room License.

A Distiller or Small Distiller licensee may manufacture brandy without holding a Wine Maker or Small Wine Maker license; however, a Wine Maker or Small Wine Maker licensee also holding a Brandy Manufacturer license, but not a Distiller or Small Distiller license, may not make any other spirit products other than brandy.

How to Apply

All applicants requesting a new Brandy Manufacturer license, seeking to transfer ownership of a Brandy Manufacturer license, or transferring interest (stock or membership interest) in a Brandy Manufacturer license must submit the following:

- **Application Form**

For a new Brandy Manufacturer license or to transfer a Brandy Manufacturer license - [Manufacturer License & Permit Application \(LCC-150\)](#)

To transfer interest in a Brandy Manufacturer license – [License Interest Transfer Application \(LCC-101\)](#)

- **Inspection Fee** - A \$70.00 nonrefundable inspection fee is required for each license requested in an application. For example, if an applicant has requested a new Brandy Manufacturer license in conjunction with a new Small Wine Maker license, the inspection fee would be \$140.00.
- **Local Approval** – If the applicant intends to sell brandy it manufactures under its Brandy Manufacturer license in an approved tasting room located on the manufacturing premises under an On-Premises Tasting Room Permit, it must obtain the approval of the local legislative body of the local governmental unit where it will be licensed. The Manufacturer License & Permit Application (LCC-150) contains a Local Governmental Approval form (LCC-106a) that can be used by the local governmental unit to approve or disapprove the request for the On-Premises Tasting Room Permit.

Local approval is not necessary for the Commission to consider approval and issuance of a Brandy Manufacturer license when the applicant does not intend to sell its brandy to customers on the premises where it manufactures the brandy and has not applied for an On-Premises Tasting Room Permit; however, applicants will still need to comply with any local ordinances specific to manufacturing operations.

- **License & Permit Fees** – The initial and annual renewal fee for a Brandy Manufacturer license is \$100.00. Additional fees will vary based upon whether additional licenses and permits are requested in conjunction with a Brandy Manufacturer license. If the Brandy Manufacturer license applicant plans to sell its brandy at retail on its manufacturing premises in a tasting room, it must also apply for an On-Premises Tasting Room Permit, for which the initial and annual renewal fee is \$100.00.
- **Livescan Fingerprints** – Applicants that have never been licensed through the Michigan Liquor Control Commission must submit fingerprints through the Livescan fingerprinting process - [Livescan Fingerprint Background Request \(LCC-105\)](#).
- **Property Document** – Applicants must provide documentation that demonstrates they will have control over the property that comprises the proposed licensed premises. Property documents include deeds, land contracts, and lease agreements.
 - A provision to reassign the license in the event of a default on a land contract or termination of a lease agreement may be included, but may only provide for the reassignment subject to Commission approval.
 - If the applicant is a company and its members or stockholders own the real estate as individuals or under another company, a lease agreement is needed.
 - If the applicant is an individual and he or she owns the real estate with a spouse or someone else who will not be named on the license, a lease between the applicant and the owners of the real estate is needed.
- **Federal Basic Permit** – Applicants must provide a copy of the federal Basic Permit issued by the federal Alcohol and Tobacco Tax and Trade Bureau (TTB) prior to issuance of the Brandy Manufacturer license. This is not required to be submitted at the time of application with the Commission, but should be applied for through the TTB as soon as possible, as the TTB process may take longer to complete than the Michigan licensing process.
- **Purchase Agreement** – Applicants requesting to transfer a license from another licensee must submit an executed purchase agreement or other documentation signed by both the applicant and the current licensee, which details the sale of the liquor license(s) and other business assets.
 - Purchase agreements must specifically indicate that the liquor license is being sold and provide the purchase price and terms of the sale.
 - Purchasers of on-premises licenses must have at least 10% of the purchase price of the business, excluding real estate.
 - Purchase agreements that are not for cash only sales and include real estate must list the personal property, including the licenses, and real estate with the terms and price for each.

- If the personal property and real estate are being purchased by separate people or entities, the purchase agreement must indicate those names and who is purchasing which items.
- If the applicant will not pay the full purchase price at closing, the balance due may be covered by a security agreement or promissory note. Alcoholic beverage inventory cannot be included on a security agreement or promissory note.

Licensing Process

- The Licensing Division reviews the application and corresponding documents for completeness and verifies the appropriate fees have been received. If additional

documents, fees, or corrections to documents are needed, Licensing will notify the applicant.

- Once all the necessary documents have been received Licensing will submit the request to the Enforcement Division for its investigation.
 - The Enforcement Division will contact the applicant to schedule an interview with the applicant (and current licensee for license transfers). At this meeting an investigator will review with the applicant documents, including:
 - purchase agreement
 - financial documents
 - property documents
 - other items pertaining to the application
 - After the interview, the investigator will prepare a report for the Commission regarding the investigation and submit the request back to Licensing for further processing.
 - Licensing reviews the report from Enforcement and any additional documents received during the interview process. The request is prepared for the Commission to consider and placed on a docket for an upcoming licensing meeting.
 - The Commission considers the request, including:
 - the liquor license operating history of the applicant (if a current or prior licensee)
 - the arrest and conviction record of the applicant
 - whether the applicant meets the requirements for a license
 - the applicant's financial information
 - opinions of the local legislative body or police department, if received.
 - The Commission will approve or deny the request based on these factors. Occasionally, the Commission will request more information from the applicant before making a final decision.
 - After the Commission makes a decision on the request, the file is returned to Licensing for final processing.
 - Approval orders are sent to the applicant requesting any final items before the issuance of the license.
 - Denial orders are sent to the applicant and the applicant may appeal the decision.
 - When all the final items are received by Licensing, the completed request is forwarded to the Renewal Unit for the issuance of the physical license documents.
 - Any changes in financial provisions at the time of closing which do not conform to the terms previously indicated and investigated may require submission of new forms and possible additional investigation.

Michigan Department of Agriculture & Rural Development Requirements

Facilities that manufacture alcoholic products in Michigan must be licensed through the Michigan Department of Agriculture & Rural Development (MDARD) in addition to

licensure through the Commission. You may contact MDARD regarding the licensing requirements for the type of establishment for which you are applying by calling, toll-free, 800-292-3939 or visiting www.michigan.gov/mdard.

Michigan Spirit Distribution System

Michigan operates as a control state for the sale of spirits, which means the Commission acts as the wholesaler for all spirit products, which includes brandy. A Vendor of Spirits sells spirits to the Commission. The Commission then resells the spirits to both on-and-off-premises retailer licensees.

Spirit products, including brandy, are warehoused and delivered to retailer licensees by Authorized Distribution Agents (ADA). An ADA is required to be certified by the Commission and is also required to have a contract with each Vendor of Spirits they represent to deliver their particular spirit products. Spirit products that are sold to consumers for off-premises consumption by licensed Specially Designated Distributors (SDD) are sold statewide at uniform prices set by the Commission. The uniform price set by the Commission is determined by the cost of the spirit product to the Commission plus a 65% mark-up, plus a combination of specific taxes.

Vendor of Spirits

A Distiller or Small Distiller licensee must also register with the Commission as a Vendor of Spirits in order to sell their spirit products, including brandy, to the Michigan Liquor Control Commission. The Commission purchases spirits from Vendors of Spirits. The Vendor of Spirits is responsible for registering product lines and filing quotations with the Commission. The Commission then adds the statutory mark-up (currently 65%) and specific taxes (currently totaling 12%) and sells the spirits to licensed retailers who in turn may sell to consumers. There is no fee for registering as a Vendor of Spirits. There is also no licensing investigation for registering as a Vendor of Spirits. However, Vendors of Spirits are required to license an individual as a Vendor Representative who will represent them in transactions with the Commission. The Vendor Representative license fee is \$50.00 for a three-year period.

Additional information on registering as a Vendor of Spirits, applying for a Vendor Representative license, and what is required to list spirits with the Commission to be distributed through the ADAs may be found on the [Commission's Website](#).

Manufacturing & Labeling

Brandy must be manufactured, identified, and labeled in accordance with federal spirit regulations published in Code of Federal Regulations Title 27, part 19 and Title 27, part 5 pursuant to R 436.1707 and R 436.1708.

All brandy products must be registered with the Commission prior to their introduction in Michigan. All spirits are now registered on-line through the Commission's [E-Quote system](#). For more information on Michigan's on-line E-Quote spirit product registration system, visit the [Commission's E-Quote information webpage](#) or contact the Commission's Financial Management Division at (517) 284-6260.

Salesperson Licenses

Any person employed by a Brandy Manufacturer licensee to sell, deliver, promote, or otherwise assist in the sale of alcoholic liquor in this state is required to hold a Salesperson license issued by the Commission. Employees who work exclusively at the brewery premises and have no contact with wholesalers, retailers, or consumers off the licensed premises do not need a Salesperson license. Salesperson licensees must be at least 18 years of age and are prohibited from being employed by a retailer-tier licensee on a paid or any other basis. For more details on Salesperson licensee requirements and exceptions to the requirements for certain employees please visit the [Commission's webpage for Salesperson licensing information](#).

Record Retention and Inspection of Premises and Records

All licensees are required to maintain all sales, purchase, and Salesperson licensee expense records for a minimum of four years. Records may be maintained electronically or otherwise as long as a hard copy of the record can be created upon demand.

A licensee must make the licensed premises available for inspection and search by a Commission Investigator or any law enforcement officer empowered to enforce the Commission's rules and code during regular business hours or when the premises is occupied. The Commission or its duly authorized agent may examine the books, records, or papers of a licensee.
