Important Information Regarding Joint Off-Premises Tasting Room Licenses

• A Joint Off-Premises Tasting Room License is issued to each manufacturer licensee that jointly operates a tasting room together with other manufacturer licensees at the same location and that location is not the licensed manufacturing premises of any of the manufacturer licensees. If you will be operating a tasting room individually and not with other manufacturer licensees at the same location, you must apply for an Off-Premises Tasting Room License using the [Off-Premises Tasting Room License & Permit Application \(LCC-150a\)](#).

Only the following manufacturer license types may be issued a Joint Off-Premises Tasting Room License:

- Wine Maker
- Small Wine Maker
- Brandy Manufacturer
- Distiller (Manufacturer of Spirits)
- Small Distiller

• A manufacturer licensee may be issued no more than five (5) Joint Off-Premises Tasting Room Licenses where it may sell and serve full drinks. Any Off-Premises Tasting Room Licenses held by the manufacturer licensee individually at other locations that are designated for the sale and service of full drinks also count toward the limit of five (5) locations. The applicant must designate the type of license at the time of application and the designation may not be changed once the license is approved and issued.

• A manufacturer licensee may have an unlimited number of Joint Off-Premises Tasting Room Licenses that sell or give away samples only (3 ounces of wine or 1/2 ounce of spirits or brandy per sample). The applicant must designate the type of license at the time of application and the designation may not be changed once the license is approved and issued.

• All applicants for a Joint Off-Premises Tasting Room Licenses at the same location must obtain approval from the legislative body of the local governmental unit where the licensed premises will be located. Locations in the City of Detroit do not require local governmental approval.

• All licensees issued Joint Off-Premises Tasting Room Licenses at the same location must be approved for and issued the same permits and permissions, as applicable.

• The wine, spirits, or brandy sold, served, or given away as samples at a Joint Off-Premises Tasting Room License location must be manufactured by the licensee at its manufacturing premises. A Distiller or Small Distiller licensee that also holds a Mixed Spirit Drink Manufacturer license may sell and give away samples of mixed spirit drink products it manufactures at a Joint Off-Premises Tasting Room License location.

• The property document for the proposed jointly operated tasting room must name all the licensees that are issued a Joint Off-Premises Tasting Room license at the location and all must have the authority to operate on the licensed premises at the same time.

• A violation by any licensee under its Joint Off-Premises Tasting Room License will be considered a violation for all licensees at that location.
