Linking MiLogin Account to the MLCC

USER MANUAL

Purpose

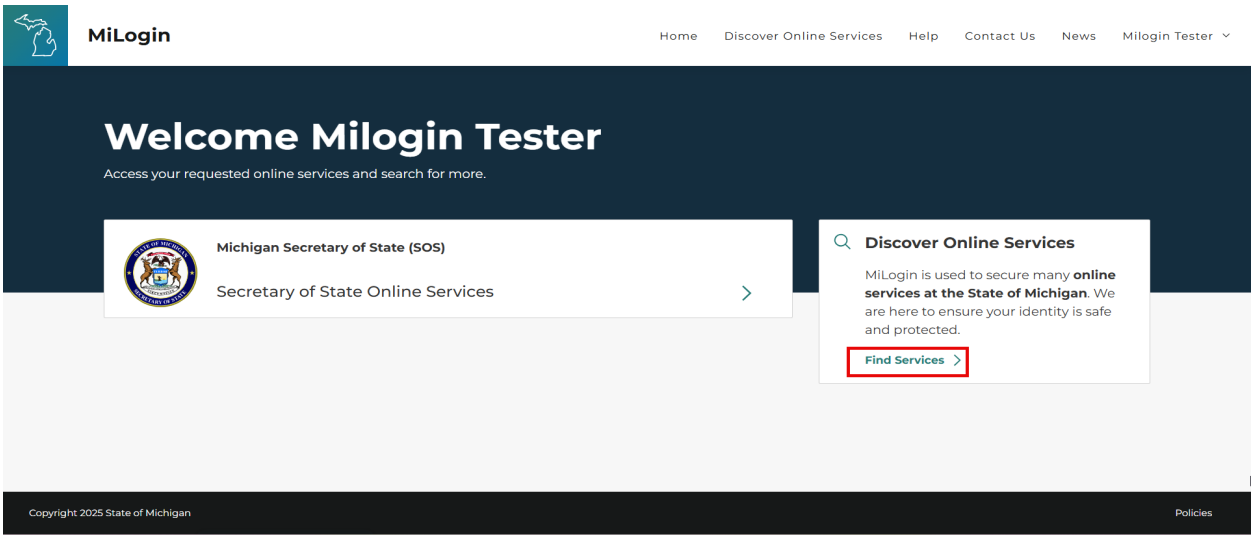
This user manual will show to link your MiLogin account to the Michigan Liquor Control Commission.

System

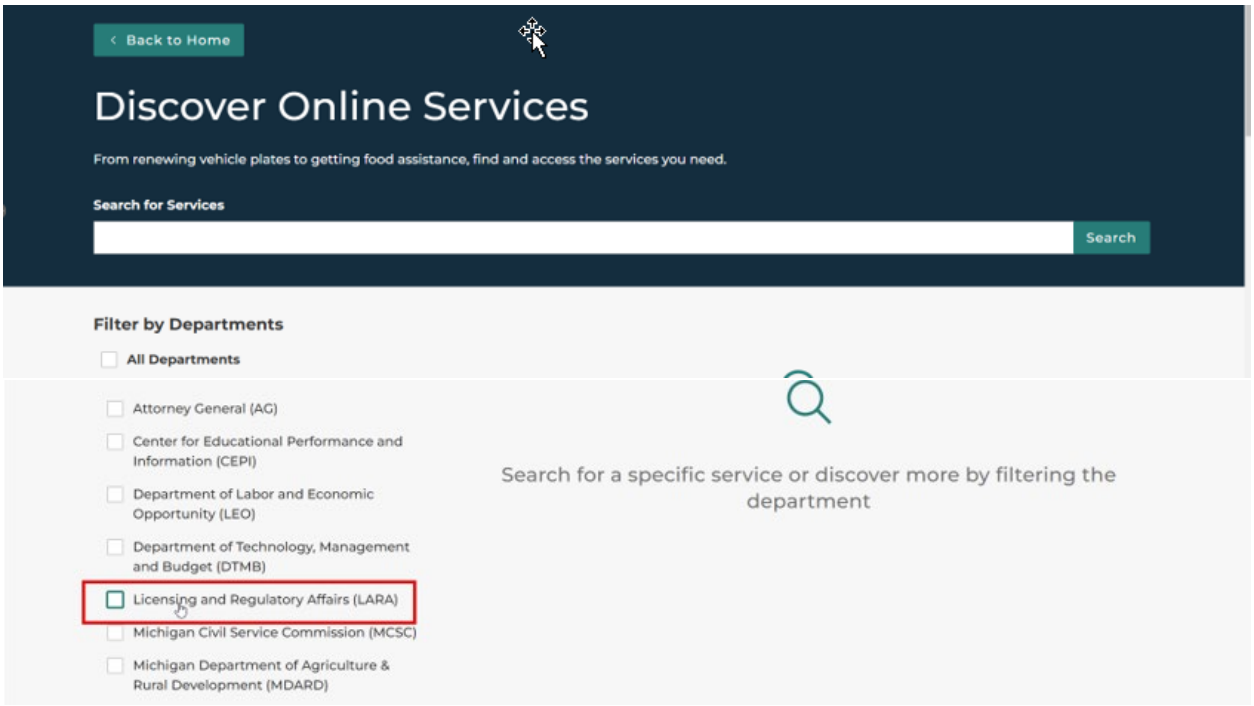
MiLogin/AIMS Salesforce

Linking your MiLogin Account to Michigan Liquor Control Commission –

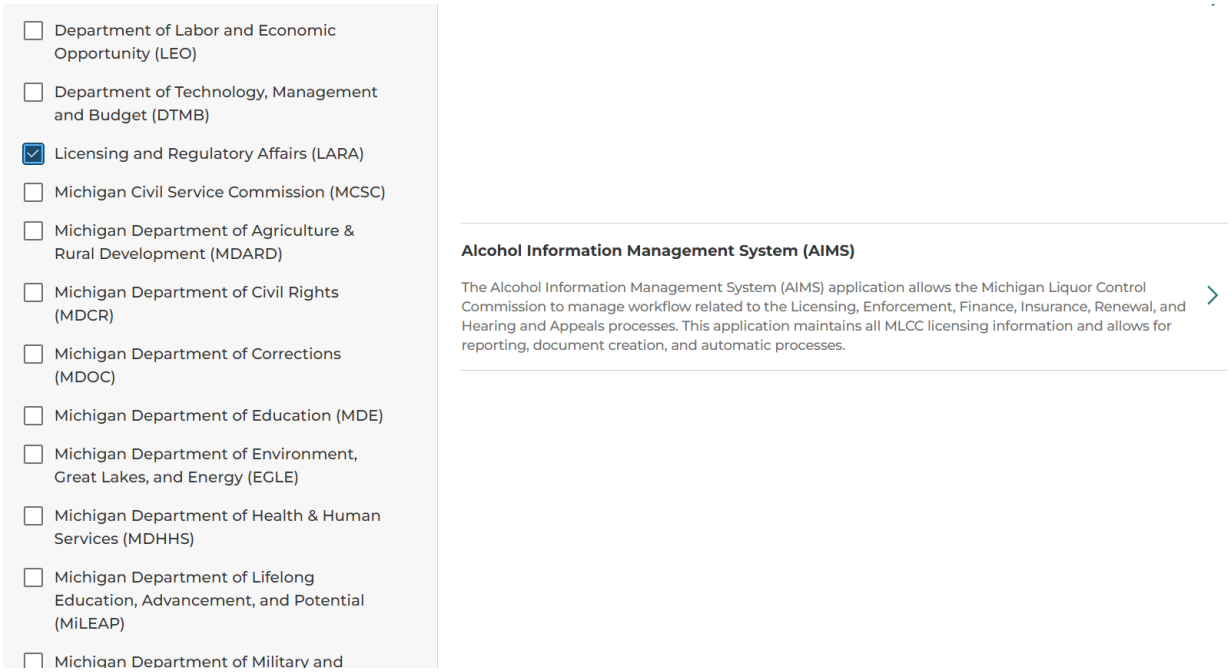
Once logged into MiLogin, you will need to select the "Find Services" button to link yourself to the Alcohol Information Management System (AIMS). *Note: If you have not already created a MiLogin account, click Here for the Creating a MiLogin Account user manual.*



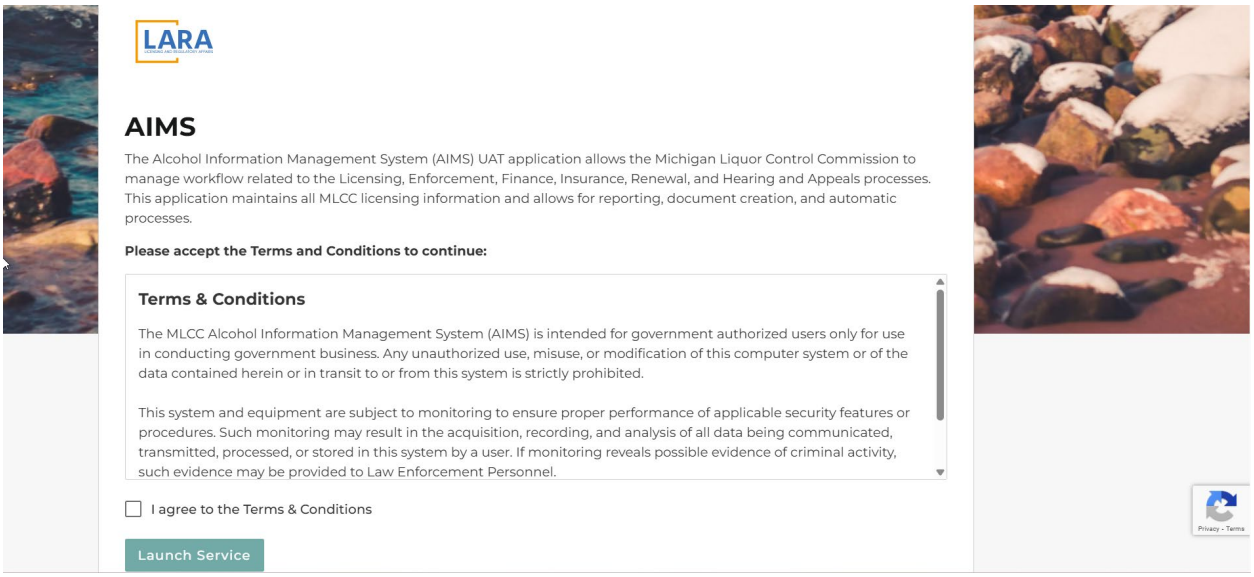
You will select "Licensing and Regulatory Affairs (LARA)



Select Alcohol Information Management System (AIMS).



Once selected, the system will direct you to the terms and conditions page. You will select the checkbox under terms and conditions and then select the “launch service” button.



A new window will appear.

You will select the SIPS+ Product Registration System button.

Congratulations!! You have now successfully added yourself to the MLCC AIMs Application.
