(b) The recipient of the CJI is an agency or entity listed under R 28.5201, an academic institution, or a government entity.

(c) The recipient of the CJI has submitted to the department a completed user agreement, in a manner determined by the department, stipulating to all of the following:

(i) Any CJI disseminated by the department shall only be used for the proposed project, and the recipient of the CJI shall not disseminate the CJI for any purpose.

(ii) The recipient of the CJI shall destroy the CJI immediately after the CJI is no longer needed for the approved project or the approved project has concluded, whichever occurs first.

(iii) The recipient of the CJI shall comply with any applicable federal and state law, these rules, the FBI Criminal Justice Information Services Security Policy, the Michigan Addendum to the FBI Criminal Justice Information Services Security Policy, and any procedures or requirements prescribed by the department.

(iv) The department shall not disseminate CJI that is non-public or is otherwise prohibited from being disseminated by state or federal law.

(v) Any CJI disseminated by the department shall not contain PII, unless the dissemination of the PII is lawful and approved by the CSO.

(ii) The proposed project's direct or indirect benefit to the department does not justify the financial or operational resources necessary to adequately process the proposed dissemination of CJI or to oversee the proposed project to ensure compliance with this rule, including the user agreement under subrule (2) of this rule.

(iii) The proposed project or dissemination of CJI may cause undue disruption to the department or bring the department or its employees or agents into disrepute.

(4) The determination of the CSO under subrule (3) of this rule is final and is not subject to appeal or challenge. The CSO shall, within a reasonable period of time, provide to the department and the proposed recipient of the CJI a written explanation for the reason or reasons supporting the CSO's denial or approval of the proposed dissemination of CJI.

(3) All training conducted, documented, and approved by a fire department or a public safety department in this state apply toward the continuing education requirement.

(b) For continuing education training to apply toward the continuing education requirement, the individual conducting the training shall complete a fire department or a public safety department specific training roster or provide documentation of completion of the training to the student.

(c) If the continuing education course is part of a council-approved course, the training shall be tracked in the bureau's training information network and the student and instructor shall sign the roster for each training session for the course.

(4) At the end of the 3-year cycle, a firefighter shall log into the bureau's training information network and check the box validating that he or she has met the continuing education requirements on his or her profile. If 1 of the fire departments or public safety departments has specific duties or functions that exceed those of the other fire departments or public safety departments, the firefighter shall complete that additional specific training.
