R 168.1 Definitions.

Rule 1. As used in these rules:

- (a) "Affidavit of identity" or "affidavit" means the filing made pursuant to section 558 of the Michigan election law, 1954 PA 116, MCL 168.558.
- (b) "Compliance statement" means the statement required by section 558(4) of the Michigan election law, 1954 PA 116, MCL 168.558, that the candidate does not owe any statements, reports, fines, or late filing fees.
- (c) "Filing official" means the township, city, or county clerk or the secretary of state with which the affidavit of identity is filed.
- (d) "Notice of error or omission" means the notice issued pursuant to section 16(6) of the Michigan campaign finance act, 1976 PA 388, MCL 169.216.

History: 2022 MR 24, Eff. December 19, 2022.

R 168.2 Statement on the affidavit of identity regarding compliance with the campaign finance act.

Rule 2. (1) For the purposes of the candidate's statement that as of the date of the affidavit, all statements, reports, late filing fees, and fines required of the candidate or any candidate committee organized to support the candidate's election under the Michigan campaign finance act, 1976 PA 388, MCL 169.201 to 169.282, have been filed or paid, an outstanding notice of error or omission is not a statement, report, late filing fee, or fine for the purposes of section 558(4) of the Michigan election law, 1954 PA 116, MCL 168.558. A candidate with an outstanding notice of error or omission may be disqualified based on the unfiled or unpaid statement, report, late filing fees, or fines upon which the notice was based.

(2) When submitting an affidavit of identity, the candidate shall disclose every jurisdiction in the state of Michigan in which the candidate previously sought nomination or election. The candidate is not required to disclose a jurisdiction in which the candidate previously sought nomination or election if the only offices for which the candidate previously sought nomination or election in that jurisdiction are not offices for which candidates are required to file campaign finance statements under the Michigan campaign finance act, 1976 PA 388, MCL 169.201 to 169.282. A failure to disclose a jurisdiction or jurisdictions in which the candidate previously sought nomination or election shall not be a reason to disqualify a candidate from appearing on the ballot.

(3) The filing official shall examine the campaign finance records of the secretary of state and county clerk for any county in which the candidate previously sought nomination or election, if applicable, to determine whether the candidate made a false statement in the affidavit of identity.

(4) The filing official shall disqualify a candidate who falsely states that as of the date he or she signed the affidavit of identity, all statements, reports, late filing fees, and fines required of the candidate or any candidate committee organized to support the candidate's election under the Michigan campaign finance act, 1976 PA 388, MCL 169.201 to 169.282, have been filed or paid. Candidates disqualified on this basis cannot reverse disqualification by filing a corrected affidavit.

(5) A candidate who files a statement of organization and does not request a reporting waiver is presumed to owe the campaign statement for the reporting period that includes the date the candidate committee was formed.

(6) A candidate who, as of the date he or she signed the affidavit of identity, has not responded to a notice of error or omission shall not be disqualified solely for that reason.

Rule 3. (1) Subject to subrule (2) of this rule, a candidate who omits information required by section 558(2) of the Michigan election law, 1954 PA 116, MCL 168.558, may correct the omission by filing a new affidavit of identity up until the filing deadline elapses. The filing official shall disqualify a candidate who fails to correct an omission by the filing deadline. For purposes of this subrule, omissions include, but are not limited to, blanks or incomplete information on the affidavit of identity, but do not include omissions on the compliance statement required by section 558(4) of the Michigan election law, 1954 PA 116, MCL 168.558.

(2) The filing official shall disqualify a candidate who provides false information as of the date the candidate signed the affidavit of identity regarding information required by section 558(2) of the Michigan election law, 1954 PA 116, MCL 168.558. SIGNATURE MATCHING FOR ABSENT VOTER BALLOT APPLICATIONS AND ABSENT VOTER BALLOT ENVELOPES

R 168.21 Definitions.

Rule 1. As used in these rules:

- (a) "Election official" means the township, city, or county clerk or their staff responsible for verifying signatures.
- (b) "Master card" means the master card document referenced in 761(2), 1954 PA 116, MCL 168.761, and 766(2), 1954 PA 116, MCL 168.766.
- (c) "Qualified voter file" means the voter registration database maintained by the Secretary of State.
- (d) "Signature on file" means the signature of the voter contained in the qualified voter file. If the qualified voter file does not contain the voter's digitized signature, the signature of the voter contained on the master card is the signature on file. If an absent voter ballot application signature has been compared against the signature of the voter contained in the qualified voter file or on the master card and the absent voter ballot application signature has been determined to agree sufficiently with the signature of the voter contained in the qualified voter file or on the master card, the absent voter ballot application signature is also a "signature on file" for the purpose of this ruleset. Nothing in this ruleset shall be construed to allow an absent voter ballot application signature to be used to validate an absent voter ballot envelope signature unless the absent voter ballot application signature has been found to agree sufficiently with the signature of the voter contained in the qualified voter file or on the master card.

History: 2022 MR 24, Eff. December 19, 2022.

R 168.22 Sufficient agreement of voter signature; initial presumption of validity; voter contact by clerk.

Rule 2. (1) In determining for purposes of section 761(2) of the Michigan election law, 1954 PA 116, MCL 168.761, or for the purposes of 766(2), 1954 PA 116, MCL 168.766, whether a voter's absent voter ballot application signature or absent voter ballot envelope signature agrees sufficiently with the voter's signature on file, an election official may determine that a signature does not agree sufficiently with the signature on file only after reviewing the absent voter ballot application signature or absent voter ballot envelope signature using the process set forth in these rules.

(2) A voter's signature should be considered invalid only if it differs in significant and obvious respects from the signature on file. Slight dissimilarities should be resolved in favor of the voter. Exact matches are not required to determine that a signature agrees sufficiently with the signature on file.

(3) If, after examining a voter's absent voter ballot application signature or absent voter ballot envelope signature using the process set forth in these rules, an election official has genuine concerns about the signature's validity, the election official

Annual Administrative Code Supplement
2022 Edition

may contact the voter to address those concerns prior to determining that a signature is not valid. Any efforts by the election official to contact a voter under this subsection is not notification for the purposes of R 168.25 that the absent voter ballot application signature or absent voter ballot envelope signature has been found not to agree sufficiently with the signature on file. An election official who is unable to determine that the absent voter ballot application signature or absent voter ballot envelope signature agrees sufficiently with the signature on file after contacting or attempting to contact the voter for clarification under this subsection is still bound by the notification timelines set forth in R 168.25.

History: 2022 MR 24, Eff. December 19, 2022.

R 168.23 Redeeming qualities.

Rule 3. (1) In determining whether an absent voter ballot application signature or absent voter ballot envelope signature agrees sufficiently with a signature on file, election officials shall consider whether any redeeming qualities are present. The bureau of elections shall provide examples of signatures with redeeming qualities and questionable signatures.

(2) Redeeming qualities include, but are not limited to, the following:

- (a) Similar distinctive flourishes.
- (b) More matching features than nonmatching features.
- (c) Signature features do not match because it appears as if the voter's hand is trembling or shaking.
- (d) Only part of the signature matches the signature on file, for example, if only the first letters of the first and last name match.
- (e) Signature is partially printed but partially matches the signature on file.
- (f) Signature is a recognized diminutive of the voter's full legal name.
- (g) Signature omits a middle name, replaces a middle name with an initial, or replaces a middle initial with a name.
- (h) Signature style has changed slightly from signature on file.

History: 2022 MR 24, Eff. December 19, 2022.

R 168.24 Explanations for differences in signatures.

Rule 4. (1) Elections officials shall consider the following as possible explanations for the discrepancies in signatures:

- (a) Evidence of trembling or shaking in a signature could be health-related or the result of aging.
- (b) The voter may have used a diminutive of their full legal name, including, but not limited to, the use of initials, or the rearrangement of components of their full legal name, such as a reversal of first and last names, use of a middle name in place of a first name, or omitting a second last name.
- (c) The voter's signature style may have changed slightly over time.
- (d) The signature may have been written in haste.
- (e) The surface of the location where the signature was made may have been rough, soft, uneven, or unstable.

(2) In addition to the characteristics listed in R 168.23(2)(f) and (g), the elections official may also consider factors applicable to a particular voter, such as the age of the voter, the age of the signature or signatures contained in the voter's record, the possibility that the voter is disabled, the voter's primary language, and the quality of any digitized signature or signatures contained in the voter's record, and any other plausible reason given by the voter that satisfies the clerk when following up on a questionable signature.

History: 2022 MR 24, Eff. December 19, 2022.

R 168.25 Timing of signature review and notification.

Rule 5. (1) If the absent voter ballot application or the absent voter ballot envelope is received at least 6 calendar days prior to the election, the clerk must notify the voter of issues with the voter's signature by the end of the next business day following receipt of the application or ballot envelope.

(2) If the absent voter ballot application or the absent voter ballot envelope is received less than 5 calendar days prior to the election, an election official must review that absent voter ballot application or absent voter ballot envelope by the end of the calendar day on which the absent voter ballot application or absent voter ballot envelope was received by the clerk. If the election official determines that the voter's signature on the absent voter ballot application or absent voter ballot envelope does not agree sufficiently with the signature on file, the election official must contact the voter by the end of the calendar day on which the absent voter ballot application or absent voter ballot envelope was received by the clerk.

(3) If the absent voter ballot application or the absent voter ballot envelope is received by the clerk by 8 p.m. on the calendar day prior to an election, an election official must review the absent voter ballot application or absent voter ballot envelope before the end of the calendar day prior to the election. If the election official determines that the voter's signature on the absent voter ballot application or absent voter ballot envelope does not agree sufficiently with the signature on file, the election official must contact the voter by the end of the calendar day prior to the election.

(4) For the purposes of this rule, if the absent voter ballot application or absent voter ballot envelope comes into the physical

Annual Administrative Code Supplement
2022 Edition

control of the clerk's office before or during the clerk's scheduled business hours, that absent voter ballot application or absent voter ballot envelope is considered to have been received by the clerk on the day of submission. If an absent voter ballot application or absent voter ballot envelope comes into the physical control of the clerk's office after the end of the clerk's scheduled business hours, or if the absent voter ballot application or absent voter ballot envelope comes into the physical control of the clerk's office on a day on which the clerk does not have scheduled business hours, that absent voter ballot application or absent voter ballot envelope is considered to have been received on the first subsequent day during which the clerk has scheduled business hours.

(5) If a clerk's jurisdiction maintains one or more absent voter ballot application or absent voter ballot envelope drop boxes, each drop box must be checked by an election official for any absent voter ballot applications or absent voter ballot envelopes that have been deposited prior to the end of the clerk's scheduled business hours on every day during which the clerk has scheduled business hours. The election official checking the drop box must retrieve each absent voter ballot application or absent voter ballot envelope contained in the drop box at that time. Each absent voter ballot application or absent voter ballot envelope retrieved at that time is considered to have been received by the clerk on that day. An absent voter ballot application or absent voter ballot envelope deposited in those drop boxes on a day during which the clerk does not have scheduled business hours will not be considered to have been received by the clerk until the next day on which the clerk has scheduled business hours.

(6) An absent voter ballot envelope that is collected by an election official through the procedure laid out in 764b(4) or (5), 1954 PA 116, MCL 168.764b, shall be considered received when the election official comes into physical possession of the ballot envelope.

(7) Nothing in this rule shall prevent an election official from providing notification more quickly than mandated by this rule to a voter that the voter's absent voter ballot application signature or absent voter ballot envelope signature has been determined not to agree sufficiently with the signature on file.

(8) If the absent voter ballot application or the absent voter ballot envelope is missing the voter's signature, or if the clerk determines that the voter's signature on the absent voter ballot application or on the absent voter ballot envelope does not agree sufficiently with the voter's signature on file, the clerk shall inform the voter using any and all contact information available that their absent voter ballot application or their absent voter ballot envelope is missing a signature or has a non-matching signature, and the need to cure the signature deficiency. The clerk must notify the voter by phone and email, and, in the absence of the voter's email address, by United States mail.

History: 2022 MR 24, Eff. December 19, 2022.

R 168.26 Curing signature deficiencies.

Rule 6. (1) Any of the following methods may be used to cure a missing or mismatched signature:

(a) A voter may provide a signature on the absent voter ballot application or ballot envelope with the missing or mismatched signature;

(b) A voter may complete and submit a signature cure form prescribed by the Secretary of State; or

(c) A voter may follow another form or method of curing a missing or mismatched signature as specified by the election official on their website or in the election official's office.

(2) A voter may cure a missing or mismatched signature up until the close of polls on Election Day.

(3) If a request if made by a voter, an election official may facilitate the cure of a missing or mismatched signature by making arrangements to

(a) collect a cure form; or

(b) provide the absent voter ballot application or absent voter ballot envelope missing a signature to the voter so that the voter might sign the absent voter ballot application or absent voter ballot envelope.

R 206.205 Certification; rehabilitation plan.

(1) To initiate a review of a rehabilitation plan for certification purposes, an applicant with an approved state part 1 application shall submit a state part 2 application to the office for the historic resource. An applicant may submit a state part 1 and 2 application simultaneously, but the office will not review the state part 2 application until it has determined that the state part 1 applications is complete, and the property is a qualified historic resource. If the applicant is eligible to claim only a federal tax credit, then the applicant shall apply on a historic preservation certification application prescribed by the National Park Service. If the applicant is eligible to claim both a federal and state tax credit, then the applicant shall apply on a historic preservation certification application prescribed by the National Park Service and file a state part 2 application, remit the state fee as prescribed in R 206.209, and provide any other project information prescribed by the office. (3) Applications for projects with National Park Service part 2 approvals, work carried out or, that were complete and returned to service before the effective date of the legislation, will not be accepted.

(4) An applicant may file a state part 2 application that includes work already completed. The office shall determine if the completed work is acceptable on its own and in conjunction with the proposed work included in the state part 2 application. A state part 2 application must not include any work that was completed more than 1 year before the date a state part 2 application was submitted to the office. If a state part 2 application includes previously completed work, and is awarded a preapproval letter, the 8-year period for completion of the project will be reduced to 7 years and the period to submit the state part 3 application reduced to the earliest of the following to occur:

(l) The state review fee as prescribed in R 206.209.

Upon receipt of a complete and adequately documented state part 2 application, the office shall review the submission to determine whether the applicant's rehabilitation plan meets the standards and guidelines. If the office determines that additional information or documentation is needed to evaluate the submission, the office shall notify the applicant in writing. The office shall not process the application until the information or documents, or both, have been provided. To qualify for certification, a proposed rehabilitation plan must comport with each element of the standards and guidelines, to the extent applicable.

Within 120 days of receipt of a complete state part 2 application, the office shall notify the applicant, in writing, if the rehabilitation plan meets the standards and guidelines. If the office determines that the rehabilitation plan meets the standards and guidelines, the office shall issue a preapproval letter to the applicant. If the office determines that the rehabilitation plan does not meet the standards and guidelines, the office shall advise the applicant of any revisions necessary for the rehabilitation plan to meet the standards and guidelines. An applicant may submit a revised rehabilitation plan to the office. The office shall not process the application until the necessary revisions are provided to the office.

2022 Edition

R 206.206 Certification; credit reservation priority.

Rule 206. (1) State historic preservation applications will be reviewed upon receipt, and the office shall issue either a preapproval letter or a priority number based on the date that a complete and adequately documented state part 2 application was received by the office and the amount of available tax credits. When making preapprovals, the office shall offer the maximum amount of available credit, not to exceed 25% of the estimated qualified expenditures, to the first applicant of a particular project type that has submitted a complete application to the office. If the available credit is less than the full credit anticipated by the applicant, the applicant may accept the reduced amount of credit or decline the offer and accept a priority number based on the date of the applicant's completed application. An applicant that declines a partial credit offer may receive additional credit offers, based on their requested amount of credit and priority number as additional credit becomes available. Declining a credit offer does not extend the 2-year limit on the original priority number assigned to the application.

(2) In any year, if the maximum amount of credit allocated to a specific project type or the annual maximum credit limit for the program is reached, the office shall do the following:

(a) Notify the public via its website that the office will no longer accept any additional applications for that project type or the program for the remainder of the year.

(b) Assign a priority number to all remaining complete applications that did not receive a preapproval letter. Priority numbers will be assigned to each application based on the date the completed application was received by the office.

(c) Allow applicants that submitted incomplete applications to submit a revised application. In the event a revised application is determined to be complete, the application must be assigned a priority number based on the date the revised complete application was received by the office.

(d) In the last month of each year, the office shall review all applications that have been assigned priority numbers and based on the lowest priority number, contact applicants to verify if the applicants are still seeking credit for a project. If so, the office shall do the following:

(i) Issue a preapproval letter for any recaptured, unclaimed, or returned credits from previous years to other applications within that project type based on priority numbers. If there are no applications within that specific project type that will accept the recaptured, unclaimed, or returned credit, then it must be made available to any approved application, regardless of project type, based on priority number.

(ii) Notify any applicants that have not received a preapproval letter and that have a priority number that was issued at least 2 years before the review date that the application has expired, the applicant is no longer be eligible for any available credit, and the applicant will need to submit a new application if the applicant wants to continue to seek a credit.

(iii) Determine which projects will receive funding in the next year based on priority number and project types.

(iv) Post on its website the total amount of credit, if any, per project type that will be available to new applications in the subsequent year.

(3) On the first business day of the new year, the office shall begin accepting new applications for that year for all project types with available credits until any or all conditions in subrule (2) of this rule are met.
