Communication Procedures

The following communication policy is in effect for the Commission and members of the public to facilitate successful discussion and debate during meeting proceedings. It is intended that by following this policy, communication will be achieved for everyone present and will improve the effectiveness of the meeting.

- Only one person should speak at a time. Before you speak, please identify yourself. If two people are talking at the same time, it becomes difficult, if not impossible, for everyone to hear what is being said.
- Commission members should wait to be recognized by the Chairperson before proceeding to speak. The Chairperson will endeavor to recognize by name, all those who wish to speak and to allow for adequate discussion of all issues brought before the Commission.
- All actions of the Commission will be done by roll call vote.
- Side conversations are prohibited.
- When speaking, remember to speak clearly, slowly, and to avoid covering your mouth as there may be interpreters in attendance who are interpreting for an individual.
- At the end of the meeting, there is time reserved for public comment. All comments from the public must wait until that part of the meeting to speak. Please note that the Commission is not permitted to receive comments pertaining to any regulatory matter. Comments are limited to 3 minutes.
