

Beyond the Money: Paying It Forward

About

Ready to give back and learn valuable life skills? Join the Michigan Department of Education – Low Incidence Outreach (MDE-LIO) and the Bureau of Services for Blind Persons (BSBP) for a series of workshops focused on financial literacy and volunteering. Over four virtual sessions, you'll dive into budgeting, creating spending plans, gathering information, event planning, and providing a service. The group will select a volunteer project, like making cozy blankets for a shelter or creating care packages for a children's hospital to work on together in person. Adult family members can also attend for a special program at the in-person session. Make a positive impact in your community and learn some essential life skills along the way!

Audience:

These workshops are for students in Michigan, ages 14 and older, who are Blind/Visually Impaired. Early college or postsecondary students receiving services from the BSBP are welcome to participate.

Details

Cost:

Free for BSBP clients/Pre-Ets students
