

MIOSHA Fact Sheet

Youth Worker Safety

Restaurant and Fast Food Industry

In late spring and early summer, many high school and college youth start summer jobs. Restaurants and other eating and drinking businesses, employ more than 400,000 people in Michigan and 11.6 million nationwide. Nearly 31 percent or approximately 125,000 of Michigan restaurant industry employees are under 20 years of age. Many teens' first work experience is in the restaurant industry. In fact, more than one in four adults found their first job in the restaurant industry. This fact sheet helps identify potential hazards and provide solutions to specific activities within the restaurant industry.

Employers must be aware of work activities restricted for workers under the age of 18 by the Michigan Department of Labor and Economic Opportunity, Wage and Hour Division. For more information visit the Wage and Hour Division website: www.michigan.gov/wagehour.
