

Instrumentation Maintained by ICM

The Instrument Calibration and Maintenance Unit of the Laboratory and Equipment Services Section maintains an extensive inventory of air sampling pumps, sound measuring equipment, and direct reading instrumentation used by field staff to assess employee exposures to workplace hazards.

Manufacturer	Model	Use
SKC, Inc.	AirChek Touch, Pocket Pump Touch	Air Sampling Pumps
TSI/Quest Technologies, Inc.	SE-402, eg-5 Edge	Sound Measurement
	QuestTemp 44	Heat Stress Monitor
	8357, 8384a, 8345	Thermo-anemometers
	AM510 SidePak Aerosol Monitor	
Blanke Industries	2500	CO Emissions
RKI, Inc.	Eagle, GX-6000, GX-3R Pro	Gas Detection
Honeywell	ToxiPro CO, ToxiRAE	
Arizona Instruments	Jerome 431X	Mercury Vapor Detection
Reuter-Stokes	WIBGET RSS-214	Area Heat Stress Monitor
Holaday Instruments	HI3003, HI4416, HI4433	Broadband EMF
	HI3603, HI3616	VDT/ELF Emissions
Greenlee	93-172	Ambient Light Intensity
Mesa Labs	Defender, DC-Lite	Air Flow Pump Calibrator
International Light	IL-1400	Ultraviolet Actinic Light Measurement
TSI	9555-P	IAQ
