

An Informative Full-day Seminar:

Part 21 - Powered Industrial Trucks: “What Every Trainer and Operator Must Know”

1 Who Should Attend . . .

This program is a must for anyone concerned about health and safety on the job including:

- ▶ Managers concerned about workers' compensation costs.
- ▶ Employees who want to learn proper techniques for protecting their safety and health at work.
- ▶ Business owners who want to learn about compliance with Michigan Occupational Safety and Health Administration (MIOSHA).

2 MIOSHA Training Institute

MIOSHA Consultation Education and Training (CET) Division and Macomb Community College (MCC) have developed the MIOSHA Training Institute (MTI) through a formal alliance. The MTI introduced an Assessment-Based Certificate program, effective October 1, 2007. The certificate program offers participants an opportunity to be recognized for their educational efforts and increased technical expertise. Courses are offered throughout the state in sponsorship with other M-TECSM facilities, community colleges, and safety and health organizations. To learn more about the certificate program, log-on to the CET Division website at www.michigan.gov/mti.

3 What You'll Learn . . .

This course covers the training and operating requirements for powered industrial trucks in general industry workplaces. Safety topics include: training program implementation; operator selection, training, testing, and permitting; inspection procedures; safe work practices; retention of training and maintenance records; and identification of types of powered industrial trucks. Occupational health topics include information on carbon monoxide, ventilation controls, personal protective equipment, and emergency eye flush and shower facilities. Resources and sample documents will be provided to assist attendees with implementing a powered industrial truck program in their workplace. This training session will also provide an overview of common exercises used for field evaluations.

Agenda

We offer a flexible program agenda to emphasize the health and safety topics you want most.

- ▶ Define Employer Responsibilities
- ▶ Identify Occupational Health Hazards
- ▶ Discuss Employee Responsibilities

All meetings are accessible and barrier free. Please contact the cosponsor or the CET Division, at least 30 days in advance, to request necessary accommodations.

Facilitator

Chris Johnson is an Occupational Safety Consultant with the Consultation Education and Training Division of MIOSHA. Chris currently provides consultation and training services for Southwest Michigan counties.

Before working with the State of Michigan, Chris was a Safety Chair at a MVPP STAR manufacturing facility in West Michigan. His responsibilities included incident investigation, safety training, employee engagement, and developing and working with different employee lead safety teams in order to enhance the safety culture. Chris also has previous experience in the insurance industry, working with accident and liability investigations.

Chris is a graduate of Lake Superior State University with a Bachelor of Science degree in Fire Science and is a licensed fire fighter and emergency medical technician in the State of Michigan.

Presenters: Chris Johnson, Senior Occupational Safety Consultant; and Jamie Green, Industrial Hygienist; MIOSHA, CET Division
