

An Informative Full-day Seminar:

MIOSHA Recordkeeping and Cost of Injuries

1 Who Should Attend . . .

This seminar is a must for anyone concerned about health and safety on the job including:

- ▶ Managers concerned about workers' compensation costs.
- ▶ Employees who want to learn proper techniques for protecting their safety and health at work.
- ▶ Business owners who want to learn about compliance with Michigan Occupational Safety and Health Administration (MIOSHA).

2 MIOSHA Training Institute

MIOSHA Consultation Education and Training (CET) Division and Macomb Community College (MCC) have developed the MIOSHA Training Institute (MTI) through a formal alliance. The MTI introduced an Assessment-Based Certificate program, effective October 1, 2007. The certificate program offers participants an opportunity to be recognized for their educational efforts and increased technical expertise. Courses are offered throughout the state in sponsorship with other M-TECSM facilities, community colleges, and safety and health organizations. To learn more about the certificate program, log on to the CET Division website at www.michigan.gov/mti.

3 What You'll Learn . . .

This MIOSHA program is designed to help employers ensure that their organization complies with MIOSHA recordkeeping requirements as contained in MIOSHA Administrative Rules Part 11, Recording and Reporting of Occupational Injuries and Illnesses. In addition to learning and understanding the "recordability" of work related injuries and illnesses, attendees will actively participate in a group exercise to complete the MIOSHA 300 log. Using this data, participants calculate injury and illness rates and learn how to compare these rates to other companies with their North American Industrial Classification System (NAICS).

Agenda

We offer a flexible program agenda to emphasize the health and safety topics you want most.

- ▶ Overview of CET Services
- ▶ Administrative Rules, Part 11
- ▶ MIOSHA Log 300
- ▶ Review of Reporting and Recording of Occupational Injuries
- ▶ Questions and Answers

Required Class for
Safety and Health
Management Systems
Level Two
MTI Certificate

This course has been approved for both residential builders pre-licensure and continuing safety training requirements.

All meetings are accessible and barrier free. Please contact the cosponsor or the CET Division, at least 30 days in advance, to request necessary accommodations.

Facilitator

Jeff Edgerton joined the General Industry Division of MIOSHA in 2012 as a Safety Officer. For more than seven years, he conducted inspections in high-hazard industries, addressed employee complaints, and investigated workplace injuries and fatalities.

In 2019, Jeff was appointed to the position of Occupational Safety Consultant in MIOSHA's Consultation Education and Training Division. In this capacity, he advises general industry employers, workgroups, and governmental agencies in areas relating to occupational safety hazards and compliance with MIOSHA Safety Standards. He also conducts hazard surveys and develops and delivers training seminars.

Prior to joining MIOSHA, Jeff worked in construction and for the Flint Community School District. He received a Bachelor of Arts degree from the University of Michigan-Flint in 2009.

Jeff Edgerton
Senior Occupational Safety Consultant
MIOSHA, CET Division
