

An Informative Full-day Seminar:

MIOSHA General Industry Part 2 - Walking/Working Surfaces

1 Who Should Attend . . .

This seminar is a must for anyone concerned about health and safety on the job including:

- ▶ Managers concerned about workers' compensation costs.
- ▶ Employees who want to learn proper techniques for protecting their safety and health at work.
- ▶ Business owners who want to learn about compliance with Michigan Occupational Safety and Health Administration (MIOSHA).

2 MIOSHA Training Institute

MIOSHA Consultation Education and Training (CET) Division and Macomb Community College (MCC) have developed the MIOSHA Training Institute (MTI) through a formal alliance. The MTI introduced an Assessment-Based Certificate program, effective October 1, 2007. The certificate program offers participants an opportunity to be recognized for their educational efforts and increased technical expertise. Courses are offered throughout the state in sponsorship with other M-TECSM facilities, community colleges, and safety and health organizations. To learn more about the certificate program, log-on to the CET Division website at www.michigan.gov/mti.

3 What You'll Learn . . .

Part 2 - Walking-Working Surfaces is a performance rule set and intended to provide information regarding safety in all places of employment where employees access horizontal and vertical walking-working surfaces. The rules are an adoption of the Federal OSHA's Walking-Working Surface Rules and provides minimum performance guidance for employers to follow where employees use fixed and portable ladders, mobile ladder stands and mobile ladder stand platforms, step bolts and manhole steps, stairways and dockboards, scaffolds and rope decent systems. Emphasis is placed on duty to have fall protection and falling object protection, fall protection and falling object protection criteria and practices, and training requirements.

Agenda

We offer a flexible program agenda to emphasize the health and safety topics you want most.

- ▶ Discuss employer responsibilities related to Part 2.
- ▶ Review employee responsibilities.
- ▶ Discuss specific rules of established standards.
- ▶ Identify hazards and control methods associated with maintenance and repairs of fixed and portable ladders.
- ▶ Identify construction parameters of systems used for walking and working surfaces, gaining elevation, skylights, and associated protective measures.
- ▶ Provide the student with the ability to navigate standards in order to apply established standards in the workplace.

All meetings are accessible and barrier free. Please contact the cosponsor or the CET Division, at least 30 days in advance, to request necessary accommodations.

Facilitator

Augustine Syrový joined MIOSHA in 2018. He serves in the Consultation Education and Training Division as an occupational safety advisor and consultant to businesses, industry, unions, employee groups, schools, colleges, municipalities, counties, and other state agencies. He assists these groups in collecting, organizing and reviewing information in workplaces to determine what types of occupational hazards may be present and likely to affect workers. He works with management and employees alike to prevent, control and eliminate known or potential hazards. In addition, Augustine develops and delivers occupational safety training seminars to his constituents. He covers Washtenaw, Jackson, Eaton, Ingham, Livingston and southwest Oakland counties.

Prior to joining MIOSHA, Augustine was a fire service Captain and member of a county technical rescue team which responded to high angle rope, confined space, trench and structural collapse rescues. He has a Bachelor of Applied Science in Fire Technology from Siena Heights University.

Augustine Syrový
Senior Occupational Safety Consultant
MIOSHA, CET Division
